# CHAPTER 1: INTRODUCTORY INFORMATION/GENERAL NOTICES

## FOREWARD

This book is designed to give, in convenient form, important information about Northwestern Community Unit Schools. It is hoped that it may assist new students in adjusting themselves to the life of the school and that it may be a consistent reminder of the school's general procedures, ideals, and traditions. The goal of Northwestern is to create an environment where all students will be able to learn and participate in the many extra-curricular activities. Students are urged to read this book carefully and to keep it for reference throughout the year.

The superintendent, with input from the parent/teacher advisory committee, shall prepare disciplinary rules implementing the Northwestern School District's disciplinary policies. These disciplinary rules shall be presented annually to the Board of Education for review and approval. It takes all of us, including staff, students, parents, and community working together to accomplish this goal. Let's strive to make everyone proud to be a Wildcat.

We are required to have on file signatures of parents/guardians indicating they have received the student handbook. Handbooks will be distributed at the time of registration.

## HANDBOOK DISCLAIMER

This handbook is not intended to create a contractual relationship with the student, nor is it an exhaustive list of District policies; rather its summary of District policies intended to describe the school, its current practices, procedures, rules and regulation (code of conduct), etc. Membership or participation in a school-sanctioned activity is a privilege and not a property right. As such, the Board of Education and the administration reserve the right to make modifications and/or policy changes when needed. Students and parents will receive the changes in a timely manner. A complete list of District policies is available on the schools website [www.northwestern.k12.il.us](http://www.northwestern.k12.il.us)

## EDUCATIONAL PHILOSOPHY

**Specifically, the educational program should make it possible for the student to:**

1. Attain, commensurate with cognitive abilities, optimum proficiency in reading, writing, listening, speaking, social studies, science, and math skills, both computational and problem solving.
2. Develop an understanding of self: personality, strengths, weaknesses, and general capabilities.
3. Develop an ethical sense of community, which will help the personal manifestation of tolerance, kindness and justice to all others.
4. Develop an appreciation for interpersonal relationships, both in the family and in the community.
5. Develop skills for effective participation in the democratic process.
6. Develop knowledge and understanding of the natural and physical environment.
7. Develop economic competence as a consumer.

8. Develop marketable skills and vocational competence.
9. Explore and develop an appreciation of the fine arts.
10. Develop wise use of leisure time.
11. Develop zeal for continuous learning and self-improvement.
12. Be exposed to the world of work.
13. Develop technologically literate students.

**Furthermore, every effort should be made in the educational program to:**

1. Make the best use of the physical plant that was provided by the taxpayers.
2. Secure the judgment of the Board of Education in the selection and approval of the best personnel.
3. Advise and inform the public from time to time of all school activities and to seek their advice.
4. Provide the highest type of moral, ethical and professional leadership.
5. Inform the employed personnel of any actions of the Board of Education pertinent to his/her particular interests.
6. Maintain priorities consistent with the educational goals and philosophy of the District.

And finally, realizing that the final success of the educational program is measured in terms of the accomplishments of the student, the educational program should:

- Foster in the student self-discovery, self-awareness, and self-discipline, enabling him/her to realize his/her worth as a human being and to formulate a personal set of values and goals.
- Develop a positive attitude toward and practice of those disciplines which will produce a healthy mind and body.
- Develop awareness of present and past cultures and civilizations, acquainting the student with the variations in mankind's cultural patterns and with the evolution of his/her national and cultural heritage.
- Stimulate intellectual curiosity, guiding the student to learn how to seek further knowledge by familiarizing him/her with the resources and challenges of the world around him/her.
- Provide fundamental career concepts and skills, developing in the student a foundation for further career training.
- Direct the student in becoming proficient in the art of verbal and nonverbal communication.
- Encourage an appreciation of beauty and to assist the student in developing a capacity for aesthetic perception, creation and judgment.
- Encourage the student to discover and build from his/her individual strengths and develop an awareness of the value of striving toward excellence and mastery of skills.
- Help the student learn to deal effectively with other people, while encouraging him/her to develop sensitivity to the needs and values of others and a respect for individual and group differences.
- Develop social and personal responsibility involving the student in decision-making process and problem-solving activities as he/she works toward constructive change.
- Help the student recognize the basic laws that explain the behavior of the universe and to help him/her use these laws to predict natural phenomena and to determine their impact on his environment.
- Help the student realize his/her relationship to his/her fellow man through learning about man and man's laws and how to live in harmony with them.

- Develop an understanding of consumer education concepts and economic principles for the purpose of achieving within the framework of the student’s own values, maximum utilization of, and satisfaction from, one’s resources.

## **ARRIVAL AND DEPARTURE**

The doors at Northwestern are opened at 7:45 A.M. Students are dismissed daily at 3:00 P.M. at the elementary and 3:06 P.M. at the Junior/Senior High School.

**If your child will not be riding the bus home in the evening he/she must have a note from parents or he/she will be sent home on the bus.**

Parents need to notify the school if anyone other than the parent(s) is to meet their child at school. When the parent or designee comes to meet a child, the person should first check in at the office. If a divorce decree stipulates no parental visitation at school, the district needs a copy to put in the student file.

## **SCHOOL CANCELLATION**

School cancellation could occur due to extreme weather or any other unforeseen circumstances. Anytime school is cancelled the automated telephone notification system, SchoolMessenger, will be utilized. A working telephone number should be on file in the central office. Cancellations will also be posted to the following:

TV Stations:

Channel 2 St. Louis

Channel 4 St. Louis

Channel 5 St. Louis

Channel 20 Springfield

Radio Stations:

WSMI 1540 AM, 106.1 FM

**Please have alternative plans for your children in case of emergency dismissals.**

## **VISION STATEMENT**

The vision of the Northwestern School District is to prepare all students to be academically, socio-emotionally, and technologically proficient in order to become productive members of society.

## **MISSION STATEMENT**

The mission of Northwestern Community Unit School District No. 2 is to provide students with the opportunity to grow academically, technologically, and socially to become productive citizens within the community. This includes a commitment of parents, teachers, administrators, and students to work toward the completion of this mission.

## **EDUCATIONAL PROGRAMS**

1. All students have access to all courses without regard to sex.
2. Graduation requirements are identical for all students.
3. Cheerleaders may be either male or female.
4. Physical Education classes will be integrated by members of both sexes. Separation of students by sex will be made in the following activities:
  - a. When dealing with human sexuality.
  - b. During such activities as wrestling, boxing, football, basketball, and other bodily contact sports.
  - c. Vocal Music-separation of persons based on vocal range and quality.

## **STUDENT RESPONSIBILITY**

Northwestern Schools have the responsibility to provide a quality education to all students who attend these schools. Students have the responsibility to understand and observe all rules and regulations, and to conduct themselves in a manner that will result in the development of productive citizens. These rules and regulations are not limited to school property but also include all reasonable involvement of school activities and events (field trips, bus stops, post prom activities and all extracurricular events).

## **COMMUNITY RESPONSIBILITY**

We welcome the community and encourage community participation. All visitors are required to report to the office upon entering any building on campus. Parents wishing to visit the schools are encouraged to call the office to set up an appointment. The presence of former students in the school is discouraged during school hours.

## **SCHOOL VISITATION RIGHTS**

Illinois law requires that employers grant employees leave of up to a total of 8 hours during any school year, no more than 4 hours of which may be taken on any given day, to attend school conferences or classroom activities related to their children if the conferences or classroom activities cannot be scheduled during nonworking hours. However, no leave may be taken by employees unless they have exhausted all accrued vacation leave, personal leave, compensatory leave and any other leave that may be granted to them except sick leave and disability leave. Before arranging attendance at conferences or activities, employees must provide their employers with a written request for at least 7 days in advance. In emergency situations, no more than 24 hours' notice is required. Employees must consult with their employers to schedule leave so as not to disrupt unduly the operations of their employers. Leave provided for visitation does not have to be paid leave.

For the purpose of this notice:

"Employee" means a person, except an independent contractor, who performs services for hire for an employer for:

1. At least 6 consecutive months immediately preceding a request for leave; and
2. An average number of hours per week equal to at least one-half the full-time equivalent position in the employer's job classification, as defined by the employer's personnel policies or practices or in accordance with a collective bargaining agreement, during those 6 months

"Employer" means any of the following: a State agency, officer, or department, a unit of local government, a school district, an individual, a corporation, a partnership, an association, or nonprofit organization.

## **NONDISCRIMINATION AND EQUAL EDUCATIONAL OPPORTUNITIES**

Equal educational and extracurricular opportunities shall be available for all students without regard to, race, color, national origin, ancestry, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, order of protection status, or actual or potential marital or parental status, including pregnancy.

No student shall, on the basis of sex or disability, be discriminated against in the provision of programs, activities, services, or benefits, be limited in the exercise of any right, privilege, or advantage, or be denied equal access to educational and extracurricular programs and activities.

Any individual may file a sex-equity, Section 504 disability, or other discrimination complaint by using the Uniform Grievance Procedure described below.

The Superintendent and Building Principal will use reasonable measures to inform staff members, students, and parents/guardians of students of this policy and grievance procedure.

## **TITLE IX**

The Northwestern Community School Board of Education has adopted a policy which meets the requirements set forth in Title IX of the Education Amendments of 1972, which states: "No person shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity offered in this school."

# CHAPTER 2 - ATTENDANCE & PROMOTION

## ATTENDANCE

Students are required to report promptly and to attend all classes. As per Illinois Statutes, for attendance record and report card purposes, a student must be present 300 minutes or more of classroom instruction to constitute a full day of attendance and 150 to 299 minutes for a half-day. Any student who attends school less than 150 minutes is considered absent for a full day. However, for grades K-1, a full day of attendance is equal to four clock hours (240 minutes), and a half-day (120-239 minutes). In grades 7-12 seven class period absences is equal to one full day of absence. Where there is an unexcused absence of a student in grades Kindergarten through 8, the District shall make a reasonable effort to contact the student's parent or guardian by telephone within two hours of these students' first class to notify them of the absence.

A direct relationship exists between academic achievement and regular attendance. There is no substitute for participation in class explanations and discussions; therefore, while assignments might be made up, some learning is lost in any absence. Habits of consistent and punctual attendance are habits that will serve Northwestern students well in their future work lives.

## EXCUSED ABSENCE

The following absences will be deemed excused:

1. Personal illness-5 days (3 days for students who enroll after first semester ends) throughout the year may be excused with a note from the parent/guardian on the day the student returns to school. Doctor's notes do not take away from the 5 days. However, once the student has used the total 5 days, a doctor's excuse is required for each day missed. STUDENTS CANNOT ATTEND SCHOOL EVENTS ON THE DAYS OF ABSENCE. Students may participate in extra-curricular activities if they are present for the last ½ of a school day.
2. Funeral of a family member.
3. Family medical emergency.
4. Medical appointment-We ask parents to make appointments early or late so that students miss no more than ½ day for appointments.
5. Field trips or other school affiliated events. No absence will be reported on the student's record.
6. Observance of a religious holiday.
7. Juniors and Seniors will be allowed 2 college visit days. Juniors cannot carry the day's over to their Senior year. These must be prearranged and approved by the principal or designee. Students must have the form completed by the college admissions officer. No absence will be reported on the student's record. Parents are urged to arrange college visits during the summer prior to the child's senior year.
8. Students absent without a doctor's excuse or administrative approval may not attend after school activities. Failure to abide by this will result in an unexcused absence.
9. Others as deemed excused by the administration.

**NOTE: WRITTEN NOTES FROM PARENTS OR FROM THE DOCTOR MUST ACCOMPANY THE CHILD THE DAY HE/SHE RETURNS TO SCHOOL. NOTES BROUGHT AFTER THAT MAY NOT BE ACCEPTED.**

## UNEXCUSED ABSENCE

Students who are absent for other than the above noted reasons are considered unexcused. Student initiated “skip” days are prohibited and will be treated as an unexcused absence. Any student’s participation in “skip” days may face disciplinary action. **An unexcused absence for any part of the day will result in a student being prohibited from attending extracurricular activities, as an observer or participant, that evening.** An unexcused absence means that students cannot earn credit for work completed in class or assignments assigned on that day.

Students absent for 10 consecutive days without a legitimate excuse will be dropped from the roles. Students in grades K-8 can re-enroll at any time after a parent conference. Students with high absenteeism can be retained or fail to receive credit for a course.

## GRADING SYSTEM-DISTRICT WIDE

92-100.....	A
85-91.....	B
77-84.....	C
68-76.....	D
67-below.....	F

Kindergarten through 3rd grade will use a skills-based grading system. 4th through 6th grade will utilize letter and skills-based grading systems.

## HOMEWORK

Homework is important to all students. Homework provides the necessary reinforcement for what is learned at school. Most teachers allow some time at school to start homework assignments, so if your child continually seems to have too much homework, please check with your child’s teacher. Homework is a required part of learning. Part of the student’s grade may be determined from homework grades. That is why, if a student is absent, it is very important that he/she get his/her work within the guidelines (i.e., number of days absent, plus one).

## PARENTAL RESPONSIBILITY

Should a child in any grade need to be absent for any reason, parents/guardians are required to notify the school by phone by 9:15 a.m. Students cannot call in for themselves. While family vacations during school are discouraged, it is understood that this is sometimes unavoidable. Should a family vacation be planned during school time, please give ample notice to the school. Students with excessive absences may not be excused for family vacations.

## TRUANCY

A chronic or habitual truant is hereby defined as a Macoupin County student between the ages of 7-16 years of age who is absent without valid cause from attendance for 5% or more of the previous 180 regular attendance days in school. Section 26-10 of the School Codes states: *Any person having custody or control of a child subject to the provisions of this Article to whom notice has been given of the child's truancy within that school year, upon conviction thereof shall be guilty of a Class C misdemeanor and shall be subject to not more than 30 days imprisonment and/or fine of up to \$500. Any Macoupin County student violating or, Parent/Guardian of a Macoupin County student violating, the terms of Macoupin County's Ordinance, which shall be punished as a petty offense, shall be subject to the following fines, not to exceed the limitations set forth in 55 ILCS 5/5-1113 upon conviction:*

1. A fine of not less than \$25.00 for the first violation.
2. A fine of not less than \$50.00 for the second violation.
3. A fine of not less than \$100.00 for the third violation.

Each day, or portion thereof, upon which a violation occurs, shall constitute a separate violation, with each separate violation being subject to a separate penalty, as provided herein.

## MAKE-UP WORK/INCOMPLETE GRADES

If a student is absent from class, it is his/her responsibility to make up the work missed, according to each individual teacher's directions. All students will be able to make up work missed during an excused absence. Students will be allowed one more day than the number of days missed to make up assignments. For example, if a student misses Monday, is present Tuesday, the assignment missed on Monday is due Wednesday. **However, students attending academic functions or pre-planned absences including but not limited to; Spelling Bee, Olympiad, class field trips, family trips/vacation, etc. shall turn in work the next day of class following the function.** No incomplete grades will be given at the end of the school year except in emergency situations such as an accident, illness, or funeral. Students who have irregular attendance and/or whose absences are unexcused may face grade retention due to lack of basic skill development. In grades 7-12 multiple day absences should occur before a parent may request work from the teacher. Requests should be made twenty-four (24) hours in advance. It is recommended that students check with classmates for assignments.

## STUDENT TRANSFERS

A student seeking admission to a district school must meet all residencies, age, health examination, immunization, and other eligibility prerequisites as mandated by state law. A student must also present a completed "good standing" form from the school from which the student is transferring.

In accordance with Section 2-3, 12 (a) of the School Code, all public school districts are to provide this form to any student who is moving out of the school district to verify whether or not the student is "in good standing" and whether or not his/her medical records are up-to-date and complete as defined in Section 2-3 13 (a). "In good standing" means that the student is not being disciplined by an out-of-school suspension or expulsion, and is entitled to attend classes, as of the date of the form. No public school district is required to admit a student unless he or she can produce this form from the student's previous public Illinois School District enrollment.

## **STUDENT WITHDRAWAL**

Any student withdrawing from school to go to another school system is required to have a withdrawal record. The following information will be included:

- a. Good standing form
- b. Clearance list (texts and P.E. locks turned in)
- c. Estimated grades to date
- d. Administrative clearance (fees paid)

Please notify the school a few days in advance of the last day the student will be in attendance.

## **ENROLLMENT OF HOMELESS STUDENTS**

Each child of a homeless individual and each homeless youth have equal access to the same free, appropriate public education as provided to other children and youths. Any homeless child shall be immediately admitted, even if the child or child's parent or guardian is unable to produce records normally required to establish residency.

## **NO CHILD LEFT BEHIND**

No Child Left Behind (20 USC 6311 (h)(6) requires each school district that receives Title I funds to notify parents that, they may request, and the school district will provide, information regarding the professional qualifications of their student's teachers, including at a minimum:

1. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status through which State qualifications or licensing criteria have been waived.
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree; and
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

### **EXPECTATIONS OF STUDENTS RIDING THE BUS**

Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

# CHAPTER 5 - HEALTH AND SAFETY

## MEDICAL

Any illness or injury should be reported to the office. An accident report will be filled out on the student's injury. If the injury or illness appears to warrant it, parents will be contacted for information and instruction. It is important that all pertinent information regarding home address, home phone numbers, parents' place of employment and employment phone numbers, as well as emergency contacts, be kept current in case emergencies arise.

Parents of students with special medical needs (e.g., hemophilia, diabetes, epilepsy, etc.) should inform the school nurse or building principal of such conditions so that appropriate action may be taken when and if necessary. **The student's physician should supply information pertaining to health conditions and/or physical restrictions.**

## PHYSICAL EXAMINATIONS AND IMMUNIZATIONS

Parents/guardians shall present proof that the student received a health examination by a licensed physician and immunizations against, and screening for, preventable communicable diseases, as required by Illinois Department of Public Health, within one year prior to:

3. Transferring from a school out-of-state or out-of-country.

It is a school policy that all students participating in athletics must have an annual physical examination and be in compliance regarding immunization.

If a student does not comply with the requirements for physical examinations or immunizations by October 15 of the current school year the student will be excluded from school until proof of having received such or written proof of a scheduled appointment is presented to the district office. Transfer students will have 30 calendar days from their first day of enrollment to meet these requirements.

The only exceptions will be students whose parents present written statements of objection on religious or medical grounds (as stated in sections 665.280, 665.510 or 665.520).

## EYE EXAMINATION

Parents/guardians of students entering Kindergarten or school for the first time shall present proof before October 15 of the current school year that the student received a comprehensive eye examination by a qualified eye doctor such as an optometrist or ophthalmologist within one year prior to entry of school.

If proof is not submitted by October 15 the student's report card may be held until such proof is presented.

The only exceptions will be students whose parents present written statements of objection on religious or medical grounds (as stated in sections 665.280, 665.510 or 665.520) or if the student's parents/guardians show an undue burden or lack of access to an eye doctor.

## **DENTAL EXAMINATION**

All students in Kindergarten, Second and Sixth grades must present proof of having been examined by a licensed dentist before May 15 of that school year in accordance with rules adopted by the Illinois Department of Public Health.

The only exceptions will be students whose parents present written statements of objection on religious or medical grounds (as stated in sections 665.280, 665.510 or 665.520) or if the student's parents/guardians show an undue burden or lack of access to a dentist.

## **VISION AND HEARING SCREENINGS**

Vision and hearing screenings will be given to required students on an annual basis.

## **PARENTAL MEDICAID NOTIFICATION**

Consistent with requirements in 34 CFR 300.503(c) and in the event that your child requires health related services pursuant to an Individual Education Plan (IEP) we hereby give notice of the following:

1. That a written and signed parental consent has been or will be obtained before accessing a child's or parent's public benefits or insurance acknowledging that the parent or guardian understands and agrees that the public agency may access the child's or parent's public benefits or insurance to pay for services under 34 CFR part 300;
2. That personally identifiable information may be disclosed for the purpose of seeking reimbursement for Medicaid covered health-related services to its billing agent, other healthcare providers, the applicable State Agency or Insurance Program, and/or the Illinois Department of Healthcare and Family Services (HFS) as necessary to process Medicaid claims;
3. That health related services pursuant to an Individual Education Plan (IEP) will be provided to your child with no out-of-pocket expense to the child's parent or guardian; and
4. That you have a right under 34 CFR part 99 and part 300 to withdraw your consent to disclosure of your child's personally identifiable information and that your withdrawal or refusal of consent does not relieve this public agency of its responsibility to ensure that all required services are provided at no cost to the parent or guardian.

## **CONTAGIOUS DISEASES**

Students suspected of having any contagious disease will not be permitted to remain at school unless authorized by a physician. In all cases, school officials shall be governed by the orders of local health officers of the State Board of Health offices.

### **HEAD LICE**

The school nurse will screen the students individually or by classrooms as indicated by the prevalence of head lice. When a student is identified with signs of head lice the following steps will be taken:

1. The parents or a responsible adult will be notified if signs of head lice are present and the student will be sent home. Written and verbal information will be provided to assist parents in the treatment of head lice. The student's hair must be treated and the nits removed.
2. Students will not be allowed to attend school if they have lice or nits.
3. The personnel in that school should screen siblings attending other schools.
4. Parents must make an appointment to have the student re-screened by the school nurse before returning to school. The parent or responsible adult must accompany the student for this screening. To schedule an appointment, call the school nurse at (217) 436-2442.

### **PRESCRIPTION/NON-PRESCRIPTION DRUGS AND THE ADMINISTRATION OF MEDICATION**

The purpose of administering medication to a student during school hours and related activities is to provide the most favorable condition of health conducive to his/her education curriculum.

If it is considered necessary for a student to take prescription or non-prescription medication at school, the following procedures (recommended by State Board of Education and Illinois Department of Public Health and American Academy of Pediatrics) must be carried out to provide a safe and healthy method of administration.

1. The parents or guardians must get a written request for prescription or non-prescription medications from the student's licensed prescriber to be presented at school before the medication can be administered to the student. This request must include the following information: student's name, licensed prescriber and signature, name of medication (dosage, route of administration, frequency and time of administration), date of prescription, date of order, discontinuation date, diagnosis requiring medication and other pertinent information, intended effect of medication, other medications the student is receiving, and the time interval for re-evaluation. This request will be kept in the school health files.
2. It is the responsibility of the parents or guardians to bring the licensed prescriber's request with written permission from parents or guardians, and medication to school.
3. All prescription medication must be brought in the original pharmacy container.
4. With a current doctor's orders, urgent non-prescription medications may be given to children who experience sudden, sub-acute illness such as headaches, toothaches, menstrual cramps,

upset stomach, etc. Parents must provide all non-prescription medications and they must be brought to school in manufacturer's original container with the student's name attached to the container. Manufacturer recommended dosing schedules will be followed on all non-prescription medications unless written instructions are received from your licensed health care provider.

5. All medications will be stored in a secure area in the Junior/Senior High Office, Elementary Office, or Medical Office. Students may not carry and self-administer other common medications, such as acetaminophen, ibuprofen, cough drops, etc.
6. The person administering the medication must document each dose of medication. Documentation must include the following information: name of medication, time dosage, route, and signature of the person administering or supervising the student in self-administration. If the medication is not administered as requested, the reason will be documented and signed.
7. At the end of the treatment regime, the parents or guardians will be responsible for removing any unused medication from the school office. If the medication has not been picked up by the end of the school year, the medication will be destroyed and documentation will be noted in the student health file.
8. All permission for long-term medication must be renewed annually. If there are any changes in medication, there must be written authorization from the licensed prescriber.
9. A student may possess an epinephrine auto-injector (EpiPen) and/or medication prescribed for asthma for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed a "School Medication Authorization Form". The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and /or medication, or the storage of any medication by school personnel". (Policy 7:270)

**The school district retains the discretion to reject requests for administration of medication.**

## **HOMEBOUND INSTRUCTION**

Homebound instruction is for those students who are unable to attend school due to physical or other medically related problems. Parents should notify the building principal of the need for their child to participate in homebound instruction. To qualify as a homebound student, the student must submit a physician's statement to be kept on file and complete an application for home services signed by the physician.

## **ASBESTOS WARNING/PUBLIC NOTIFICATION**

The following public notification is being released for compliance with the regulation of the Federal AHERA guidelines for the management of asbestos containing materials. The Inspection Report and Management Plan are on file for review at the Superintendent's office.

This notification is to inform building occupants of the potential hazard and locations of materials containing asbestos. It has been determined by the Illinois Department of Public Health and the United States Environmental Protection Agency that asbestos is a potential health hazard, and precautions should be taken to avoid disturbing any materials containing asbestos. Materials containing asbestos have been found in the following buildings: Northwestern Community Unit Schools (N.W.C.U.S.D. #2). Any evidence of disturbance or change in condition will be documented in the Management Plan as required by law.

## **SCHOOL SECURITY DRILLS**

School security drills are as follows:

1. Fire 3
2. Tornado and Severe Storm 1
3. Earthquake and Evacuation 1
4. Armed Intruder 1

Failure to cooperate during a security drill is considered defiance of authority and could result in disciplinary action.

# **CHAPTER 6 - DISCIPLINE AND CONDUCT**

## **STUDENT CONDUCT**

The following paragraphs summarize the policies of the Board of Education of Northwestern Community Unit School No. 2 concerning conduct.

Students who are good citizens maintain a cooperative attitude in school and conform to classroom situations. Those who do not are guilty of misconduct. They not only fail to make progress themselves, but also distract others who want to learn.

Parents and guardians of children in school are expected to cooperate with the school by promoting good citizenship in the home and teaching their children the importance of good behavior and proper attitude in the classroom. Parents and guardians are also expected to be involved with any disciplinary actions brought against their child by the school.

## **STUDENT BEHAVIOR**

**Copies of all School District policies on student behavior are available online through the School District's website or in the school office.**

## **PROHIBITED STUDENT CONDUCT**

Students may be disciplined for gross disobedience or misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, selling or offering for sale tobacco or nicotine materials, including electronic cigarettes or e-cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling or offering for sale:
  - a. Any illegal drug, controlled substance, or cannabis (including marijuana, medical cannabis and hashish).
  - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
  - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
  - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of

medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.

- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.
- g. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.
- h. Any substance inhaled, injected, smoked, consumed or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in a tablet or powdered form.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling or transferring a "weapon" or violating the procedures listed below under the Weapons Prohibition section of this handbook procedure.
- 5. Using or possessing an electronic paging device.
- 6. Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
- 7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member's request to stop, present school identification or submit to a search.

9. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards and wrongfully obtaining test copies or scores.
10. Engaging in bullying, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.
11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning) and sexual assault.
12. Engaging in teen dating violence.
13. Causing or attempting to cause damage to, stealing, or attempting to steal, school property or another person's personal property.
14. Entering school property or a school facility without proper authorization.
15. In the absence of a reasonable belief that an emergency exists, calling emergency responders (calling 9-1-1); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus or at any school activity.
16. Being absent without a recognized excuse.
17. Being involved with any public school fraternity, sorority, or secret society.
18. Being involved in a gang or engaging in gang-like activities, including displaying gang symbols or paraphernalia.
19. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, and vandalism and hazing.
20. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

## **WHEN AND WHERE CONDUCT RULES APPLY**

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

## **DISCIPLINARY MEASURES**

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges (including banishment from extracurricular activities).
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.

14. Verbal reprimand.
15. Lunch detention.
16. Loss of driving privileges.
17. Behavioral contract.
18. Referral to counselor/social worker.
19. Rearrangement of class schedule.
20. Mandatory counseling.
21. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

## **CORPORAL PUNISHMENT**

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

## **WEAPONS PROHIBITION**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

## **GANG & GANG ACTIVITY PROHIBITED**

“Gang” is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

## **RE-ENGAGEMENT OF RETURNING STUDENTS**

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student’s ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

## **PREVENTION OF AND RESPONSE TO BULLYING, INTIMIDATION, AND HARASSMENT**

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.

2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

*Bullying* includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

## **SOCIAL NETWORK PASSWORDS**

The school may request or require a student to provide a password or other related account information in order to gain access to the student's account or profile on a social networking website if the school has reasonable cause to believe that the student's social networking account contains evidence that the student has violated a school disciplinary rule or policy. (105 ILCS 110/3.10)

## **FIELD TRIPS**

The school recognizes the value of student participation in field trips to increase learning. Field trips, which are going to exceed a 75-mile radius from Northwestern, will require Board approval unless it is an established yearly trip. Students need to be aware that the law considers all field trips the same as a classroom. Therefore, all school rules, regulations, and policies apply on these trips as if the student were actually in the school. Any parent planning to attend a field trip with their student must first participate in a background check through the district office at their own expense and must also attend at least 2 Parent Club meetings, be a classroom assistant, attend Open House/Parent-Teacher Conferences, or contribute to the class in some manner approved by the teacher at least twice or a combination of the two. Remember, you represent not only yourself but also your school, family, and community. Students must have approval from all of their teachers to attend field trips and all classroom assignments should be turned in the next day of class following the field trip. Students who do not join their group on a field trip are expected to attend school on the day of the trip. At the Jr./Sr. High School, if a student has a failing grade in any class and that class is to meet on the day of the field trip, the student cannot attend the trip. If a student has an unexcused absence the day before the field trip, he/she cannot attend the field trip. No siblings or non-district students may attend field trips.

## **DESTRUCTION OF PROPERTY**

If a student loses, destroys, or damages school property of books, he/she will be expected to pay for the loss. The administration will place a fair amount on the damage and notify parents of the cost. This act can lead to disciplinary action in accordance with the student conduct policies.

## **DISPLAYS OF AFFECTION**

The Board of Education hereby finds and determines that excessive displays of affection may cause substantial disruption to the educational process. All excessive displays of affection, including kissing and fondling, are prohibited anywhere on the school campus or during any school-sponsored event.

## GENERAL DISCIPLINE

When a student commits an act of gross disobedience or misconduct as defined by the School Board, the student's right to an education may be temporarily withheld (105 ILCS 5/10-22.6). No governmental agency, such as a school, may deprive a student of rights without due process of law. A student is entitled to procedural due process and must be allowed to present a defense and explain the circumstances of the actions in question.

The basic difference in suspension and expulsion is as follows:

1. A suspension is not to exceed ten (10) school days. An expulsion is from eleven (11) school days to a maximum of two (2) school years.
2. The Board of Education, the Superintendent, a Principal, or an Assistant Principal may suspend a student; only the local Board of Education can expel a student.
3. A student may be **SUSPENDED** after an informal hearing; a student may be **EXPELLED** after a formal hearing

## SUSPENSION

The following procedures apply to suspensions:

1. Prior to any suspension, a conference will be held during which the student will be given written or oral notice of the charges against him or her, as well as any evidence to support the charges. The student will have an opportunity to respond to the charges.
2. A pre-suspension conference is not required when the student's presence poses a continuing danger to persons or property, or an ongoing threat of disruption to the educational process. In such cases, a student may be suspended immediately, with notice and conference to follow as soon as is practicable.
3. Any suspensions shall be reported immediately to the student's parent or guardian by mailing a written notice. The District will also make reasonable efforts to notify the parent or guardian by phone prior to the beginning of the suspension. The parent or guardian shall be informed of the reason for the suspension, the length of suspension, and their right to a review of the suspension by the School Board.
4. Upon the request of the parent or guardian, a review of the suspension shall be conducted by the School Board or a hearing officer appointed by the Board. At such a hearing, the student has the right to a lawyer at the student's own expense to question the person who made the decision to suspend to present evidence, to call witnesses, and to make a statement on his or her own behalf.
5. A record of the proceedings will be made and retained by the School District and provided to the student upon reasonable reimbursement of incurred expenses.
6. If the suspension decision is reversed, all references to it in the student's records will be removed, and the School will give the student assistance necessary to make up missed school work.

## TYPES OF SUSPENSIONS

- 1. Temporary removal from an individual class: If a student is disobedient or disruptive, the pupil may be removed from the class temporarily.** The student will be assigned to another setting during the class period (usually the office). The student reports to all other classes. The student receives homework assignments and may participate in make-up tests. No parent notification is required and no appeal is authorized. In certain situations, a student may be taken home if the continued presence of that student (in the opinion of the administration) will continue to be substantial disruption in the school.
- 2. In-school suspension (directed study): Most district students who are suspended will be assigned to a “directed study” area, as determined by the administration.** Parental notification and due process will be given. **During the period of in-school suspension, they will not be permitted to attend or participate in any activities, athletic events, programs, meetings, etc.** The student is to remain off school premises, except during the school hours. The student is expected to complete all assignments missed due to the suspension, including tests on a daily basis as required by the teacher. Use of electronic devices will be prohibited. Work must be completed manually.
- 3. The Complaint Manager will attempt to resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of a complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

### STEP 1-FILING A COMPLAINT

A person (hereinafter Complainant) who wishes to avail himself or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same sex. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with the parent(s)/guardian(s) of a student. The Complaint Manager shall assist the Complainant as needed. Upon receiving a complaint, a Complaint Manager shall inform the Superintendent of the substance of the complaint, unless the complaint involves the Superintendent, in which case the Complaint Manager shall inform the President of the School Board of the substance of the complaint. District Complaint Manager:  
Patrick Bowman

## **STEP 2-INVESTIGATION**

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. If the Complainant is a student, the Complaint Manager will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except; (1) as required by law or this policy; (2) as necessary to fully investigate the complaint; or (3) as authorized by the Complainant.

Within 10 school days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time. If a complaint of sexual harassment contains allegations involving the Superintendent, the written report shall be filed with the School Board, which will make a decision in accordance with Step 3. The Superintendent will keep the School Board informed of all complaints.

## **STEP 3-DECISION AND APPEAL**

Within 5 school days after receiving the District Complaint Manager's report, the Superintendent or School Board President shall mail his or her written decision to the Complainant and Complaint Manager via U.S. first class mail.

Within 5 days after receiving the Superintendent's decision, the Complainant may appeal the decision to the School Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the School Board. Within 10 school days, the School Board shall affirm, reverse, or amend the Superintendent's or School Board President's decision or direct the Superintendent to gather additional information for the Board. Within 5 school days of the School Board's decision, the Superintendent or School Board President shall inform the Complainant of the Board's action. The Complainant may appeal the School Board's decision to the Regional Superintendent pursuant to Section 3-10 of the School Code and, thereafter, to the state Superintendent pursuant to Section 2-3.8 of the School Code.

This grievance procedure shall not be construed to create an independent right to a School Board hearing. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

# CHAPTER 10 – JUNIOR HIGH AND HIGH SCHOOL POLICIES

## “D” AND “F” NOTICES

The staff and administration feel that students and parents should be notified when a student’s performance begins to decline. The school will be sending notices home for those students doing work in the “D” or “F” range at the middle of each marking period. In addition the staff must make contact with the parents before any student will receive a failing grade. This notice may be a telephone call or written note at any time in the quarter.

## PROCEDURES FOR SEARCHES

The Principal or Designee may properly conduct or authorize a search of a student at Northwestern Junior/Senior High School, on the property, or on the school bus when the purpose of that search is to maintain the safety and discipline of the student body or to promote the orderly functioning of the educational environment. Searches will only be conducted for evidence of violations of law or Northwestern Junior/Senior High School expectations.

1. **Reasonable Cause**-Any search of students will only be conducted when a staff member has reasonable suspicion that the search will produce evidence that the student has violated or is violating with the law or District rules of student conduct, based on one or more of the following:
  - a. Reliable reports or information from credible sources made known to school staff. If the source is anonymous, the information must show that the informant has a relationship to the school or student so as to give it credibility.
  - b. Suspicious or evasive behavior suggesting violation of a school policy or law, or concealment of contraband, weapons, or stolen property.
  - c. Observation of a student engaging in prohibited conduct or suspected prohibited conduct.
  - d. Verbal statement of the student that he or she has a weapon/contraband or intends to harm students or staff with a weapon.
  - e. The return of a student after having run away from the building and suspicion that the student went to a location where a weapon or other prohibited item would be available.

The Northwestern Junior/Senior High staff may also take into account the student's disciplinary history in the development of reasonable suspicion.

2. **Justifying the Procedure-** The scope for the search conducted must be reasonably related to the objective sought and the evidence searched for. The search shall follow the step-by-step process outlined in the Northwestern Junior/Senior High School Procedure. In determining if the search is related to the objectives sought, Northwestern Staff will consider:
  - a. The nature and severity of the violation to determine the permissible amount of intrusion into the student's privacy rights.
  - b. The area to be searched so that it will be no more extensive than required to serve Northwestern legitimate objectives.
  - c. The time and place where the search is conducted so that it will be as close as possible to the time and place of the suspected violation.
  - d. The duration of the search so that it will be no longer than to serve the school's legitimate objectives.
3. **Locker and Desk Searches-** Searches of lockers, desks, storage spaces, and other property owned by Northwestern School District #2 may be conducted at any time, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these areas.
4. **Searches of students and their Personal Belongings-** A search of a student and his/her personal belongings, including vehicles, will be conducted with reasonable cause and according to the Northwestern outlined procedures.
5. **Surveillance-** Surveillance shall only be conducted in hallways, classrooms, school buses, and other areas open to the public view where the students are permitted.
6. **Random Sweeps-** Random sweeps will only occur in cases of emergency where special circumstances require immediate action to avoid danger to persons or property.
7. **Police Involvement-** Police involvement shall be sought whenever Northwestern Officials uncover evidence of a violation of state law or when officials deem such involvement necessary or helpful in maintaining school or bus safety. The standard for a search or seizure by police is probable cause.

## **DRIVING TO SCHOOL**

Students' driving to school is a privilege and will be treated as such. By the fact that a parent permits his/her child to drive, the school will assume no responsibility for a student's driving habits or motor vehicles. Students will be expected to abide by the following rules:

1. An authorization/registration form signed by the student and parent/guardian including a copy of current proof of vehicular insurance must be on file in the office before parking tags will be issued. Students will be required to provide updated proof of vehicular insurance when the one on file has expired. This registration form must list **ALL** vehicles that the student might drive.
2. A vehicle tag is required for parking on campus and must be purchased yearly in the office. This tag must be clearly visible within the designated area.
3. Students will exercise extreme caution when operating a motor vehicle on school property. Speed limit- 10 miles per hour on school property.
4. Upon arrival at school, the vehicle is to be parked and locked, and must remain so until the end of the day. **Students must leave cars as soon as they park and not return until school is dismissed.**
5. Students will be assigned a numbered parking space.

6. Student parking is in the **main lot only** at all times.
7. Students **must** yield to buses.
8. Only students going north may use the north exit.
9. Violation of Student Handbook rules may result in the loss of driving privileges and/or revocation of parking privileges.
10. Refer to number four under Procedures for Searches (p.24). Violations of any of these rules can and will result in the loss of driving privileges or vehicle being towed at the owner's expense.

## **EXTRA-CURRICULAR MISCONDUCT**

While participating in extracurricular activities (either as a participant or as a spectator), students will adhere to Northwestern Community Unit School District No. 2 Discipline Code as well as all federal, state and local laws. Student misconduct during extra-curricular activities may be handled similarly to misconduct taking place during school hours on district premises.

Appropriate disciplinary measures may be taken by the sponsor/teacher/coach as well as referrals to the administration for disciplinary action in the event of misconduct. This may cause the student to be removed from extra-curricular activities and/or positions of leadership (e.g., Student Council, FFA, etc.).

Students and parents are reminded that participation in activities is a privilege. Students must assume responsibility for their behavior during their participation and abide by any rules and codes as may be implemented. Student misconduct may result in the student's temporary or permanent removal from extracurricular activities and other possible disciplinary action.

At the conclusion of a game or extracurricular activity, students are expected to depart the premises in a timely manner. Students who do not depart in a timely manner may be banned from future extracurricular activities or events.

## **TARDINESS**

When students arrive late, they disrupt classes and forgo opportunities to learn. Furthermore, they unfairly interfere with other students' opportunities to learn. Promptness is essential to student success. A student in grades 7-12 will be considered tardy for class if not in the classroom before the last bell to start that period. Students are allowed to be tardy 6 times per year. This is not 6 times per class but a total of 6 for the entire year. After the 6<sup>th</sup> tardy, the following consequences will result:

1. 7<sup>th</sup> tardy-parents will be notified by mail and the student will receive a lunch detention.
2. 8<sup>th</sup> tardy-parents will be notified by mail and the student will receive two lunch detentions.
3. 9<sup>th</sup> tardy-parents will be notified by mail and the student will receive an after-school detention.
4. 10<sup>th</sup> tardy-parents will be notified by mail and the student will receive 2 after-school detentions.
5. 11<sup>th</sup> or 12<sup>th</sup> tardy-parents will be notified by mail the student will receive an in-school suspension.
6. 13 or more tardies-parents will be notified by mail and the student will receive two in-school suspensions per incident.

## SATURDAY SCHOOL GUIDELINES

Saturday School is intended to provide an alternative to the suspension of a student out of school. Students will receive a three hour (8:00 a.m.-11:00 a.m.) Saturday School assignment. The student will be expected to bring enough work to keep them busy during the time assigned. **If a student does not attend Saturday School, does not bring work for the time assigned, or is sent out for behavior, he/she will be suspended out of school for two days with no credit given except for major works.** This out of school suspension will be for the two days of school immediately following the Saturday School. The second time a student chooses not to attend an assigned Saturday School; he/she will be assigned three days out-of-school suspension and will no longer be assigned Saturday Schools for the remainder of the semester. Once a student has failed to successfully complete two assigned Saturday Schools during a semester, inappropriate behaviors that would normally result in Saturday School assignment will result in an out-of-school suspension. **STUDENTS WHO ARE ABSENT ON FRIDAY ARE STILL EXPECTED TO SERVE ANY ASSIGNED SATURDAY SCHOOL.**

The rules and procedures for Saturday School are as follows:

1. Students will be given two school days' notice before serving Saturday School so they can make necessary arrangements.
2. Students should report to the high school commons by 7:50 A.M. on the day assigned.
3. If a student is late, he/she will not be admitted.
4. Students will be seated by the supervisor.
5. Students will be given a short break at 10:00 A.M.
6. Food, drinks, electronic devices such as I-Pods and laptops are not permitted. Cell phones should be powered off.
7. Sleeping is not allowed.
8. The supervisor has the responsibility to maintain regular classroom discipline. A student may be sent out of Saturday School for violation of rules or procedures. If a student is sent out of Saturday School, he/she will serve a 2-day out-of-school suspension.
9. Saturday Schools are expected to be served even though a student might be assigned out-of-school suspension during the same time period.
10. Students attending Saturday School are expected to follow the School Dress Code and follow all other student handbook policies.
11. If school is cancelled on the Friday before Saturday School due to snow day etc., then Saturday School will be cancelled as well and will be rescheduled.

## GRADING SYSTEM-HIGH SCHOOL

In September of 1998, Northwestern High School changed to a weighted grading system. Under this system a student can receive extra grade point value for certain “honors” classes. These grade points are used to calculate class rank, grade point average and honor roll. They do not affect credit given in anyway.

Students wishing to enroll in honors classes must have at least a 3.0 cumulative grade point average.

Honors Class	Regular Class	Honors Class	
A 5.0	4.0	Biology II	U.S. History CP
B 4.0	3.0	Spanish II, III, IV	Psychology

## ADD/DROP CLASS

Students will be allowed to request in writing to drop or add a class up to the completion of the third day of the class. All changes must have parent/guardian and administrative approval. Students dropping a class after this period will receive a failing grade for the semester. The administration reserves the right to make exceptions to the policy on a case-by-case basis.

## SEMESTER AND FINAL EXAMS

All Northwestern Junior High students are required to take both first and second semester exams in each of their classes. High School requirements are as follows:

1. All students, **including Seniors**, must take first semester exams.
2. Any senior participating in early graduation may be required to take semester exams.
3. Students with an "A" average\* in a class and no more than 3 days excused absences **for the entire year**, or "B" average\* and no more than 2 days excused absences **for the entire year** may elect to be excused from taking the second semester exam. Students starting a new class 2<sup>nd</sup> semester must have an "A" average\* and no more than 2 days excused absences or a "B" average\* and no more than 1 day excused absences to be exempt from the final exam. Any student with 1 or more unexcused absences will be required to take the final exams. \*the average will be calculated using 50% 1<sup>st</sup> Semester (Q1, Q2, and Semester Exam) and 50% 2<sup>nd</sup> Semester (Q3, Q4).
4. Any student not required to take an exam may elect to take the exam to raise their score. If the exam does not raise their score, the student may choose to disregard the exam score.

*The campus will continue to be closed during the exam periods as it is during the year. This means that students will not be allowed to leave the building without prior administrative approval. Exams are scheduled on a two-period basis for each class with each day having four exam periods possible. Semester and final exams count for 15% of the grade for all Northwestern Junior and Senior High School students.*

## JUNIOR HIGH PROMOTION-RETENTION

Junior High School students who have shown evidence of proper growth and development from a mental, social, physical, and emotional standpoint and have obtained the standards set forth by proper authority shall be considered for promotion to the next grade level. Such decisions shall be based upon the following criteria: **Grades 7-8:** The core subjects are Reading, Math, English, Social Studies, and Science. If the student fails two of the five major subjects, he/she will be retained. Final course grades are determined by averaging the 2 final semester grades (sum of final grades for S1 + S2 divided by 2).

The teacher and parent(s) may mutually agree to retain a student if in their opinion a student stands to benefit from repeating a grade. Teachers shall notify parents as early into the school year as

possible when it becomes evident that the student might fail a course. **If it appears that a student may not be promoted, it shall be the duty of the teacher or teachers to have a conference with the parent as early in the school year as possible.**

Consideration will be given to students who have previously been retained, general maturity level of the student, achievement test results, and whether the student has been working with materials below grade level, **but there will be no social promotions.**

The district reserves the right to place a student who moves into the district at a grade level determined to be appropriate by testing.

## DANCES

The student body at Northwestern has the opportunity to attend several dances during the year. The dress code for most dances will be casual with the exceptions of Homecoming (semi-formal) and Prom (formal). Northwestern students must register any out-of-school date with the office prior to the dance. In addition, all dances are grade level specific; meaning if it is a high school dance, no junior high students will be allowed to attend. The Board has also approved the use of a breath analyzer at all dances. The procedure for this is as follows:

1. All Northwestern students and their guest entering the dance area will submit to testing. Students should arrive in a timely manner; the breath analyzer is available for only one (1) hour after the doors open.
2. Any non-Northwestern person attending the dance as a date, regardless of age, will submit to testing. Refusal will result in denial of entrance to the dance.
3. Students not passing the test will be detained for parent pick-up and face school and/or legal discipline measures.

Other Regulations:

4. No one can leave the building and expect to return to the dance.
5. Students who are absent from school on the day of the dance, (or the last school day before the dance) for any reason (illness, suspension, expulsion, etc.) are not permitted to attend unless they have received prior permission from the administration.
6. Students who misbehave during the school year (as determined by the administration) may be banned from extracurricular events and activities, including dances.
7. The sponsoring club or organization must clean up after the dance and put tables and chairs back in proper order before the time of the next scheduled class in the gym.
8. All dances must be placed on the school calendar and approved by the principal.
9. All school dances are considered to be an extracurricular activity. Students must obey the discipline rules as listed in other parts of the student handbook.
10. The administration must OK all outside guests to student only dances.
11. Refer to number six (6) under Student conduct (p.16).
12. Dance guests 21 years and older need proof of a background check at the individual's own expense and it must be submitted to the High School Office one (1) week prior to the dance.

## SENIOR TRIP

The year-end senior trip is a privilege, not a property right. Students who choose to display misbehavior during the school year are in jeopardy of losing the privilege of participating in the trip. Seniors who do not attend the senior trip are expected to attend school during the senior trip. A senior who is not achieving a 77% semester average and a 77% quarter average at the mid-term of the 4<sup>th</sup> quarter in a class which is required for graduation will not be allowed to participate in the senior trip. A senior with graduation in jeopardy will not be allowed to participate in the senior trip. **Students who move into the district in the 2<sup>nd</sup> semester of their senior year may be subject to an increased fee to attend the senior trip. In addition, any senior with more than one (1) day unexcused absences (8 periods of unexcused absences equal one full day of absence) or more than 6 tardies will NOT be eligible for the senior trip regardless if a deposit has been made. Trip deposits will not be refunded.**

## COMMENCEMENT DRESS CODE

Shorts, “flip-flops” and other attire deemed inappropriate by the administration will result in exclusion from commencement ceremonies.

## EXCLUSION FROM COMMENCEMENT

A student may be excluded from commencement for any or all of the following reasons:

1. Failure to abide by the commencement dress code.
2. Any inappropriate displays/behavior during the last week of school.

## ATHLETIC & EXTRACURRICULAR

When a student becomes a member of a team, club, and/or organization, it is both an **honor** and a **privilege**, and carries the responsibility of a leadership role. The student becomes very visible as a representative of the Northwestern School District and must represent him/herself in an exemplary manner. The student is therefore responsible for the following rules listed under the extra-curricular guidelines:

## EXTRA-CURRICULAR EXPECTATIONS AND PHILOSOPHY

The purposes of extracurricular programs are to provide students with the opportunity to experience wholesome activities on an interscholastic level. From their participation, students should gain a sense of commitment, dedication, and demonstrate high standards of morality, attitude, and conduct. Extra-curricular activities are sponsored to help increase the overall educational experience of students in the Northwestern schools. Participation in extracurricular events is considered a privilege.

## STUDENT RESPONSIBILITIES

Students involved in extracurricular activities, whether as participants or spectators, are representing themselves, their family, their school, and the community when attending an extracurricular event. They are expected to maintain a high standard of responsibility at these activities.

Students involved in extra-curricular activity will:

1. Display good sportsmanship.
2. Display a high standard of conduct.
3. Demonstrate respect for authorities/teachers, coaches, officials, and sponsors.
4. Display a spirit of cooperation.
5. Maintain a neat appearance when representing Northwestern School District.
6. Use appropriate language.
7. Abide by all school rules.

## COACHES

Coaches/Sponsors of Northwestern teams will:

1. Travel to and from all events with their players.
2. Supervise players before, during, and after practices and games.
3. Complete pre and post season inventories of all equipment and supplies.
4. Schedule all practices and games through the athletic office.
5. Excuse absences from practice or games due to player's religious obligations, medical appointments, funerals, or family emergencies.
6. Behave in an exemplary manner at all practices and games.
7. Complete any other duties as specified by the athletic director.

## SCHOOL FACILITIES/EQUIPMENT

All students are expected to maintain facilities and equipment in an orderly manner. Clean up after each use and leave the area looking as good as or better than it was found.

All equipment must be turned in before the athlete may begin practice for the next sport, receive report cards, or athletic awards. If equipment is not turned in, the athlete will be billed and/or law enforcement called.

## TRANSPORTATION

Students are required to ride to and from events with their coaches and teammates, *with the exception that* a student's parent or guardian may sign a student out at the event to ride home with the student's parent or guardian. Failure to abide by the requirements above could result in further disciplinary action.

For the Northwestern co-op practices and events, transportation will be provided when a driver is available.

## PRACTICE

Athletes are required to attend all practices during the season. If the student does miss, he/she must tell the coach before the practice missed. Medical appointments, religious obligations, funerals, or family emergencies are exceptions. Appointments for personal convenience (i.e. shopping, hair, work) **will not** be excused. The following sequence may be used when an unexcused absence from practice occurs:

- 1<sup>st</sup> Athlete is suspended for one quarter of the next game.
- 2<sup>nd</sup> Athlete is suspended from one game.
- 3<sup>rd</sup> Athlete is removed from the team.

## ELIGIBILITY

The following list is a guide as to what will be expected of student athletes and cheerleaders at all times:

1. In accordance with the IHSA/IESA policies, Northwestern will determine eligibility using a “no pass, no play” procedure. Participants are required to pass in all classes in order to be eligible for extracurricular activities.
2. Grades will be checked on a weekly basis with the Athletic Director retrieving grades from the computer system on Thursday afternoon and the coach being notified on Friday of any player being academically ineligible. The grade used to determine eligibility would be the grade received if the semester ended on that day. Ineligible students will be held out of all contests from the following Monday through Sunday. Exception: Athletes cooping at Greenfield will follow Greenfield’s ineligibility timing. When athletes are ineligible because of grades, they are not allowed to dress for games or leave early to get ready for a game. It is the coach’s decision whether or not the athlete sits on the bench.
3. During the sports season any student who is academically ineligible will be allowed to practice but cannot participate in a competition.
4. If a student is ineligible or suspended from a game and he/she attends school that day, the student may be required to attend the game and sit with the team at the coach’s discretion. If a student is absent from school or the game due to illness or any other excusable reason that game will not count as the suspended contest.
5. If a student misses any part of the last four (4) periods of the school day because of illness or an unexcused absence, the student will not be allowed to participate in any team activity that day.
6. In order to participate in an interscholastic activity, students must complete the following prior to the first practice:
  - A. Have a current (less than one year old) record of a physical examination on file in the school office.
  - B. Have a current (present school year) signed student/parent insurance waiver form on file in the school office.
  - C. Have paid the activity fee per board approval.
  - D. Have a completed Photo form.

Failure to comply with any of the above criteria shall give the administrator, coach, or sponsor of said sport or activity the authority to release the participant for any number of games and/or extra-curricular activities.

## INSURANCE

Students are covered against medical expenses for accidental injuries that occur while attending regular school sessions and participating in activities exclusively organized, sponsored and supervised by school employees, except for tackle football.

This coverage is provided as secondary insurance to parents and students in the local district. There will be no charge for the coverage as long as no additional expense is incurred for the plan by the district.

Certain exclusions and limitations will apply; even if a student/family already has insurance protection, the student accident coverage can help fill the gaps in the coverage left by deductibles or coinsurance payments. Applications for benefits are available in each school's office. The district assumes no responsibility for any accident or for the filing of claims. Claims must be filed immediately after an accident by the student/parent.

Co-op athletes must follow the Greenfield-Northwestern Athletic Co-op insurance guidelines.

# CHAPTER 11 – ELEMENTARY POLICIES

## ELEMENTARY CLASS SCHEDULE

Grade	Recess/Lunch
K-3	11:15-12:00
4-6	12:00-12:45

## ELEMENTARY (PRE-K TO 6) INFORMATION

### ADMISSION TO NORTHWESTERN ELEMENTARY SCHOOL

A child must be five (5) years of age on or before September 1 of the school year to enter kindergarten. A child entering kindergarten must present a certified copy of a birth certificate within 30 days of enrollment.

**A student will not be allowed to attend class after the deadline without a birth certificate or other legal evidence of a birth date.**

There is no provision for mid-year registration. If a child reaches his/her fifth birthday after September 1, he/she will not be eligible to enroll until August of the following year. Should a child be enrolled in an adjoining school district in this age group with the intent to enroll the child in Northwestern Elementary School when he/she becomes five, the child will not be enrolled in District No. 2 until the following year. This violates the intent of the law and school policy.

## PRE-KINDERGARTEN PROGRAM

Our Pre-K program is funded by a grant from the State of Illinois and is tuition free. The purpose of the grant is to seek and to provide opportunities to children, age 3 to 5 (non-kindergarten age), who have been screened and identified in need of early intervention. The criteria used for placement are as follows:

1. Developing in developmental areas (cognitive, speech and language, social emotional, fine motor, and gross motor) and,
2. Other at-risk factors including health-related or family issues may also influence eligibility into the program. The entire Pre-K staff will strive to provide opportunities for young children that will strengthen their potential in all developmental areas and enable them future success in school.

Our goal is to prepare young children with life-long learning skills for success in future schooling.

This goal is accomplished through a developmentally appropriate program of “hands-on” experiences necessary for success within the school environment. The preschool year will mainly focus upon language and social development. The educational program will include:

- a. Reading and Writing readiness
- b. Language development
- c. Personal and Social development
- d. Fine and Gross Motor skills
- e. Auditory/Visual coordination
- f. Science appreciation

- g. Social Studies appreciation
- h. Music appreciation
- i. Health and Safety
- j. Field Trips

The curriculum will be based on learning centers with children's project planning and choice making because young children learn best by doing. Play is the work of young children.

An important element in the success of our Pre-K program is the parental involvement component. Parent involvement is an invaluable part of a child's education, because parents are their child's first teachers. We want parents to be active participants in the education of their child. There are monthly opportunities for parent participation. This includes home visits, classroom visits for interaction between parent and child, parenting classes, parent-teacher conferences, and family nights with educational components, parent information nights and field trips.

At the time when the principal or someone other than your child's teacher needs to become part of the child's school discipline; the following steps will possibly be implemented. Extreme and repeated instances may result in immediate isolation, suspension or recommendation for expulsion to the board of education. Intervention can be implemented at any level if the teacher has already implemented prior steps.

## PROMOTION-RETENTION

Elementary school students who have shown evidence of proper growth and development from a mental, social, physical, and emotional standpoint and have obtained the standards set forth by proper authority shall be considered for promotion to the next grade level. Such decisions shall be based upon the following criteria:

**Primary Grades 1-3:** Students shall be doing passing work/making progress in core subjects according to the following grade level requirements.

**First Grade:** It is critical that the student must pass/be making progress in reading. It is strongly recommended that the student be passing math as well.

**Second and Third Grade:** the student must pass/be making progress in Reading and Math.

**Grades 4-6:** The core subjects are Reading, Math, English, Social Studies, and Science. If the student fails two of the five major subjects, he/she will be retained.

Teachers shall notify parents as early into the school year as possible when it becomes evident that the student might fail a course. **If it appears that a student may not be promoted, it shall be the duty of the teacher or teachers to have a conference with the parent as early in the school year as possible.**
