FORWARD

This book is designed to give, in convenient form, important information about Northwestern Community Unit Schools. It is hoped that it may assist new students in adjusting themselves to the life of the school and that it may be a consistent reminder of the school's general procedures, ideals, and traditions. The goal of Northwestern is to create an environment where all students will be able to learn and participate in the many extra-curricular activities. Students are urged to read this book carefully and to keep it for reference throughout the year.

The superintendent, with input from the parent/teacher advisory committee, shall prepare disciplinary rules implementing the Northwestern School District's disciplinary policies. These disciplinary rules shall be presented annually to the Board of Education for review and approval. It takes all of us, including staff, students, parents, and community working together to accomplish this goal. Let's strive to make everyone proud to be a Wildcat.

We are required to have on file signatures of parents/guardians indicating they have received the student handbook. Handbooks will be distributed at the time of registration.

HANDBOOK DISCLAIMER

This handbook is not intended to create a contractual relationship with the student, nor is it an exhaustive list of District policies; rather its summary of District policies intended to describe the school, its current practices, procedures, rules and regulation (code of conduct), etc. Membership or participation in a school-sanctioned activity is a privilege and not a property right. As such, the Board of Education and the administration reserve the right to make modifications and/or policy changes when needed. Students and parents will receive the changes in a timely manner. A complete list of District policies is available on the schools website www.northwestern.k12.il.us

CHAPTER 1 - INTRODUCTORY INFORMATION/ GENERAL NOTICES

EDUCATIONAL PHILOSOPHY

Specifically, the educational program should make it possible for the student to:

1. Attain, commensurate with cognitive abilities, optimum proficiency in reading, writing, listening, speaking, social studies, science, and math skills, both computational and problem solving.
2. Develop an understanding of self: personality, strengths, weaknesses, and general capabilities.
3. Develop an ethical sense of community, which will help the personal manifestation of tolerance, kindness and justice to all others.
4. Develop an appreciation for interpersonal relationships, both in the family and in the community.
5. Develop skills for effective participation in the democratic process.
6. Develop knowledge and understanding of the natural and physical environment.
7. Develop economic competence as a consumer.
8. Develop marketable skills and vocational competence.
9. Explore and develop an appreciation of the fine arts.
10. Develop wise use of leisure time.
11. Develop zeal for continuous learning and self-improvement.
12. Be exposed to the world of work.
13. Develop technologically literate students.

Furthermore, every effort should be made in the educational program to:

1. Make the best use of the physical plant that was provided by the taxpayers.
2. Secure the judgment of the Board of Education in the selection and approval of the best personnel.
3. Advise and inform the public from time to time of all school activities and to seek their advice.
4. Provide the highest type of moral, ethical and professional leadership.
5. Inform the employed personnel of any actions of the Board of Education pertinent to his/her particular interests.
6. Maintain priorities consistent with the educational goals and philosophy of the District.

And finally, realizing that the final success of the educational program is measured in terms of the accomplishments of the student, the educational program should:

- Foster in the student self-discovery, self-awareness, and self-discipline, enabling him/her to realize his/her worth as a human being and to formulate a personal set of values and goals.
- Develop a positive attitude toward and practice of those disciplines which will produce a healthy mind and body.

- Develop awareness of present and past cultures and civilizations, acquainting the student with the variations in mankind's cultural patterns and with the evolution of his/her national and cultural heritage.
- Stimulate intellectual curiosity, guiding the student to learn how to seek further knowledge by familiarizing him/her with the resources and challenges of the world around him/her.
- Provide fundamental career concepts and skills, developing in the student a foundation for further career training.
- Direct the student in becoming proficient in the art of verbal and nonverbal communication.
- Encourage an appreciation of beauty and to assist the student in developing a capacity for aesthetic perception, creation and judgment.
- Encourage the student to discover and build from his/her individual strengths and develop an awareness of the value of striving toward excellence and mastery of skills.
- Help the student learn to deal effectively with other people, while encouraging him/her to develop sensitivity to the needs and values of others and a respect for individual and group differences.
- Develop social and personal responsibility involving the student in decision-making process and problem-solving activities as he/she works toward constructive change.
- Help the student recognize the basic laws that explain the behavior of the universe and to help him/her use these laws to predict natural phenomena and to determine their impact on his environment.
- Help the student realize his/her relationship to his/her fellow man through learning about man and man's laws and how to live in harmony with them.
- Develop an understanding of consumer education concepts and economic principles for the purpose of achieving within the framework of the student's own values, maximum utilization of, and satisfaction from, one's resources.

ARRIVAL AND DEPARTURE

The doors at Northwestern are opened at 7:45 A.M. Students are dismissed daily at 3:00 P.M. at the elementary and 3:06 P.M. at the Junior/Senior High School.

If your child will not be riding the bus home in the evening he/she must have a note from parents or he/she will be sent home on the bus.

Parents need to notify the school if anyone other than the parent(s) is to meet their child at school. When the parent or designee comes to meet a child, the person should first check in at the office. If a divorce decree stipulates no parental visitation at school, the district needs a copy to put in the student file.

SCHOOL CANCELLATION

School cancellation could occur due to extreme weather or any other unforeseen circumstances. Anytime school is cancelled the automated telephone notification system, SchoolMessenger, will be utilized. A working telephone number should be on file in the central office. Cancellations will also be posted to the following:

Illinois law requires that employers grant employees leave of up to a total of 8 hours during any school year, no more than 4 hours of which may be taken on any given day, to attend school conferences or classroom activities related to their children if the conferences or classroom activities cannot be scheduled during non-working hours. However, no leave may be taken by employees unless they have exhausted all accrued vacation leave, personal leave, compensatory leave and any other leave that may be granted to them except sick leave and disability leave. Before arranging attendance at conferences or activities, employees must provide their employers with a written request for at least 7 days in advance. In emergency situations, no more than 24 hours' notice is required. Employees must consult with their employers to schedule leave so as not to disrupt unduly the operations of their employers. SCHOOL OPERATIONS DURING A PANDEMIC OR OTHER HEALTH EMERGENCY

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

ANNUAL NOTICE TO PARENTS ABOUT EDUCATIONAL TECHNOLOGY VENDORS UNDER THE STUDENT ONLINE PERSONAL PROTECTION ACT

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites,

services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number

- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

CHAPTER 2 - ATTENDANCE & ENROLLMENT

ATTENDANCE

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Students are required to report promptly and to attend all classes. As per Illinois Statutes, for attendance record and report card purposes, a student must be present 300 minutes or more of classroom instruction to constitute a full day of attendance and 150 to 299 minutes for a half-day. Any student who attends school less than 150 minutes is considered absent for a full day. However, for grades K-1, a full day of attendance is equal to four clock hours (240 minutes), and a half-day (120-239 minutes). In grades 7-12 seven class period absences is equal to one full day of absence. Where there is an unexcused absence of a student in grades Kindergarten through 8, the District shall make a reasonable effort to contact the student's parent or guardian by telephone within two hours of these students' first class to notify them of the absence.

A direct relationship exists between academic achievement and regular attendance. There is no substitute for participation in class explanations and discussions; therefore, while assignments might be made up, some learning is lost in any absence. Habits of consistent and punctual attendance are habits that will serve Northwestern students well in their future work lives.

EXCUSED ABSENCE

The following absences will be deemed excused:

1. Personal illness-5 days (3 days for students who enroll after the first semester ends) throughout the year may be excused with a note from the parent/guardian on the day the student returns to school. Doctor's notes do not take away from the 5 days. However, once the student has used the total 5 days, a doctor's excuse is required for each day missed-Students may participate in extracurricular activities if they are present for the last ½ of a school day.
2. Funeral of a family member.
3. Family medical emergency.
4. Medical appointment-We ask parents to make appointments early or late so that students miss no more than ½ day for appointments.
5. Field trips or other school affiliated events. No absence will be reported on the student's record.
6. Observance of a religious holiday.
7. Attending a military honors funeral to sound TAPS.

8. Juniors and Seniors will be allowed 2 college/military visit days. Juniors cannot carry the day's over to their Senior year. These must be prearranged and approved by the principal or designee. Students must have the form completed by the college admissions officer or appropriate military personnel. No absence will be reported on the student's record. Parents are urged to arrange college/military visits during the summer prior to the child's senior year.
9. Students absent without a doctor's excuse or administrative approval may not attend after school activities. Failure to abide by this will result in an unexcused absence.
10. Others as deemed excused by the administration.

NOTE: WRITTEN NOTES FROM PARENTS OR FROM THE DOCTOR MUST ACCOMPANY THE CHILD THE DAY HE/SHE RETURNS TO SCHOOL. NOTES BROUGHT AFTER THAT MAY NOT BE ACCEPTED. The school withholds the right to verify the authenticity of each note submitted to the office.

UNEXCUSED ABSENCE

Students who are absent for other than the above noted reasons are considered unexcused. Student initiated "skip" days are prohibited and will be treated as an unexcused absence. Any student's participation in "skip" days may face disciplinary action. **An unexcused absence for any part of the day will result in a student being prohibited from attending extracurricular activities, as an observer or participant, that evening.** An unexcused absence means that students cannot earn credit for work completed in class or assignments assigned on that day.

Students absent for 15 consecutive days without a legitimate excuse will be dropped from the roles. Students in grades K-8 can re-enroll at any time after a parent conference. Students with high absenteeism can be retained or fail to receive credit for a course.

TRUANCY

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. Section 26-10 of the School Codes states: *Any person having custody or control of a child subject to the provisions of this Article to whom notice has been given of the child's truancy within that school year, upon conviction thereof shall be guilty of a Class C misdemeanor and shall be subject to not more than 30 days imprisonment and/or fine of up to \$500. Any Macoupin County student violating or, Parent/Guardian of a Macoupin County student violating, the terms of Macoupin County's Ordinance, which shall be punished as a petty offense, shall be subject to the following fines, not to exceed the limitations set forth in 55 ILCS 5/5-1113 upon conviction:*

1. A fine of not less than \$25.00 for the first violation.
2. A fine of not less than \$50.00 for the second violation.
3. A fine of not less than \$100.00 for the third violation.

Each day, or portion thereof, upon which a violation occurs, shall constitute a separate violation, with each separate violation being subject to a separate penalty, as provided herein.

PARENTAL RESPONSIBILITY

Should a child in any grade need to be absent for any reason, parents/guardians are required to notify the school by phone by 9:15 a.m. Students cannot call in for themselves. While family vacations during school are discouraged, it is understood that this is sometimes unavoidable. Should a family vacation be planned during school time, please give ample notice to the school. Students with excessive absences may not be excused for family vacations.

HOMEWORK

Homework is important to all students. Homework provides the necessary reinforcement for what is learned at school. Most teachers allow some time at school to start homework assignments, so if your child continually seems to have too much homework, please check with your child's teacher. Homework is a required part of learning. Part of the student's grade may be determined from homework grades. That is why, if a student is absent, it is very important that he/she get his/her work within the guidelines (i.e., number of days absent, plus one).

MAKE-UP WORK/INCOMPLETE GRADES

If a student is absent from class, it is his/her responsibility to make up for the missed work, according to each individual teacher's directions. All students will be able to make up work missed during an excused absence. Students will be allowed one more day than the number of days missed to make up assignments. For example, if a student misses Monday, is present Tuesday, the assignment missed on Monday is due Wednesday. **However, students attending academic functions or pre-planned absences including but not limited to; Spelling Bee, Olympiad, class field trips, family trips/vacation, etc. shall turn in work the next day of class following the function.** No incomplete grades will be given at the end of the school year except in emergency situations such as an accident, illness, or funeral. Students who have irregular attendance and/or whose absences are unexcused may face grade retention due to lack of basic skill development. In grades 7-12 multiple day absences should occur before a parent may request work from the teacher. Requests should be made twenty-four (24) hours in advance. It is recommended that students check with classmates for assignments.

STUDENT TRANSFERS

A student seeking admission to a district school must meet all residencies, age, health examination, immunization, and other eligibility prerequisites as mandated by state law. A student must also present a completed “good standing” form from the school from which the student is transferring.

In accordance with Section 2-3, 12 (a) of the School Code, all public school districts are to provide this form to any student who is moving out of the school district to verify whether or not the student is “in good standing” and whether or not his/her medical records are up-to-date and complete as defined in Section 2-3

13 (a). “In good standing” means that the student is not being disciplined by an out-of-school suspension or expulsion, and is entitled to attend classes, as of the date of the form. No public school district is required to admit a student unless he or she can produce this form from the student’s previous public Illinois School District enrollment.

STUDENT WITHDRAWAL

Any student withdrawing from school to go to another school system is required to have a withdrawal record. The following information will be included:

- a. Good standing form

Any homeless child shall be immediately admitted, even if the child or child’s parent or guardian is unable to produce records normally required to establish residency.

NO CHILD LEFT BEHIND

No Child Left Behind (20 USC 6311 (h)(6) requires each school district that receives Title I funds to notify parents that, they may request, and the school district will provide, information regarding the professional qualifications of their student’s teachers, including at a minimum:

The school nurse will screen the students individually or by classrooms as indicated by the prevalence of head lice. When a student is identified with signs of head lice the following steps will be taken:

1. The parents or a responsible adult will be notified if signs of head lice are present and the student will be sent home. Written and verbal information will be provided to assist parents in the treatment of head lice. The student's hair must be treated and the nits removed.

PRESCRIPTION/NON-PRESCRIPTION DRUGS AND THE ADMINISTRATION OF MEDICATION

The purpose of administering medication to a student during school hours and related activities is to provide the most favorable condition of health conducive to his/her education curriculum.

If it is considered necessary for a student to take prescription or non-prescription medication at school, the following procedures (recommended by State Board of Education and Illinois Department of Public Health and American Academy of Pediatrics) must be carried out to provide a safe and healthy method of administration.

1. This request must include the following information: student's name, licensed prescriber and signature, name of medication (dosage, route of administration, frequency and time of administration), date of prescription, date of order, discontinuation date, diagnosis requiring medication and other pertinent information, intended effect of medication, other medications the student is receiving, and the time interval for re-evaluation. This request will be kept in the school health files.

3. All prescription medication must be brought in the original pharmacy container.
4. With a current doctor's orders, urgent non-prescription medications may be given to children who experience sudden, sub-acute illness such as headaches, toothaches, menstrual cramps, upset stomach, etc. Parents must provide all non-prescription medications and they must be brought to school in the manufacturer's original container with the student's name attached to the container. Manufacturer recommended dosing schedules will be followed on all non-prescription medications unless written instructions are received from your licensed healthcare provider.
5. All medications will be stored in a secure area in the Junior/Senior High Office, Elementary Office, or Medical Office. Students may not carry and self-administer other common medications, such as acetaminophen, ibuprofen, cough drops, etc.
6. The person administering the medication must document each dose of medication. Documentation must include the following information: name of medication, time dosage, route, and signature of the person administering or supervising the student in self-administration. If the medication is not administered as requested, the reason will be documented and signed.

If the medication has not been picked up by the end of the school year, the medication will be destroyed and documentation will be noted in the student health file.
8. All permission for long-term medication must be renewed annually. If there are any changes in medication, there must be written authorization from the licensed prescriber.

completed and signed a “School Medication Authorization Form”. Each student must have written permission from a primary care provider stating the student can carry the medication on their person and is aware and able to administer the medication as directed. The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student’s parent/guardian must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine auto-injector and /or medication, or the storage of any medication by school personnel”. CHAPTER 6 - DISCIPLINE AND CONDUCT

STUDENT CONDUCT

The following paragraphs summarize the policies of the Board of Education of Northwestern Community Unit School No. 2 concerning conduct.

Students who are good citizens maintain a cooperative attitude in school and conform to classroom situations. Those who do not are guilty of misconduct. They not only fail to make progress themselves, but also distract others who want to learn.

Parents and guardians of children in school are expected to cooperate with the school by promoting good citizenship in the home and teaching their children the importance of good behavior and proper attitude in the classroom. Parents and guardians are also expected to be involved with any disciplinary actions brought against their child by the school.

WHEN AND WHERE CONDUCT RULES APPLY

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event;
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property; or
5. During periods of remote learning.

DISCIPLINARY MEASURES

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges (including banishment from extracurricular activities).
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.

7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Verbal reprimand.
15. Lunch detention.
16. Loss of driving privileges.
17. Behavioral contract.
18. Referral to counselor/social worker.
19. Rearrangement of class schedule.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

CORPORAL PUNISHMENT

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

WEAPONS PROHIBITION

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alikes” of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

GANG & GANG ACTIVITY PROHIBITED

“Gang” is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

RE-ENGAGEMENT OF RETURNING STUDENTS

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

PREVENTION OF AND RESPONSE TO BULLYING, INTIMIDATION, AND HARASSMENT

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or

4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is

encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

FIELD TRIPS

The school recognizes the value of student participation in field trips to increase learning. Field trips, which are going to exceed a 75-mile radius from Northwestern, will require Board approval unless it is an established yearly trip. Students need to be aware that the law considers all field trips the same as a classroom. Therefore, all school rules, regulations, and policies apply on these trips as if the student were actually in the school. Any parent planning to attend a field trip with their student must first participate in a background check through the district office at their own expense and must also attend at least 2 Parent Club meetings, be a classroom assistant, attend Open House/Parent-Teacher Conferences, or contribute to the class in some manner approved by the teacher at least twice or a combination of the two. Remember, you represent not only yourself but also your school, family, and community. Students must have approval from

all of their teachers to attend field trips and all classroom assignments should be turned in the next day of class following the field trip. Students who do not join their group on a field trip are expected to attend school on the day of the trip. At the Jr./Sr. High School, if a student has a failing grade in any class and that class is to meet on the day of the field trip, the student cannot attend the trip. If a student has an unexcused absence the day before the field trip, he/she cannot attend the field trip. No siblings or non-district students may attend field trips.

DESTRUCTION OF PROPERTY

If a student loses, destroys, or damages school property of books, he/she will be expected to pay for the loss. The administration will place a fair amount on the damage and notify parents of the cost. This act can lead to disciplinary action in accordance with the student conduct policies.

DISPLAYS OF AFFECTION

The Board of Education hereby finds and determines that excessive displays of affection may cause substantial disruption to the educational process. All excessive displays of affection, including kissing and fondling, are prohibited anywhere on the school campus or during any school-sponsored event.

GENERAL DISCIPLINE

When a student commits an act of gross disobedience or misconduct as defined by the School Board, the student's right to an education may be temporarily withheld (105 ILCS 5/10-22.6). No governmental agency, such as a school, may deprive a student of rights without due process of law. A student is entitled to procedural due process and must be allowed to present a defense and explain the circumstances of the actions in question.

The basic difference in suspension and expulsion is as follows:

1. A suspension is not to exceed ten (10) school days. An expulsion is from eleven (11) school days to a maximum of two (2) school years.
2. The Board of Education, the Superintendent, a Principal, or an Assistant Principal may suspend a student; only the local Board of Education can expel a student.
3. A student may be **SUSPENDED** after an informal hearing; a student may be **EXPULLED** after a formal hearing

SUSPENSION

The following procedures apply to suspensions:

1. Prior to any suspension, a conference will be held during which the student will be given written or oral notice of the charges against him or her, as well as any evidence to support the charges. The student will have an opportunity to respond to the charges.
2. A pre-suspension conference is not required when the student's presence poses a continuing danger to persons or property, or an ongoing threat of disruption to the educational process. In such cases, a

student may be suspended immediately, with notice and conference to follow as soon as is practicable.

3. Any suspensions shall be reported immediately to the student's parent or guardian by mailing a written notice. The District will also make reasonable efforts to notify the parent or guardian by phone prior to the beginning of the suspension. The parent or guardian shall be informed of the reason for the suspension, the length of suspension, and their right to a review of the suspension by the School Board.
4. Upon the request of the parent or guardian, a review of the suspension shall be conducted by the School Board or a hearing officer appointed by the Board. At such a hearing, the student has the right to a lawyer at the student's own expense to question the person who made the decision to suspend to present evidence, to call witnesses, and to make a statement on his or her own behalf.
5. A record of the proceedings will be made and retained by the School District and provided to the student upon reasonable reimbursement of incurred expenses.
6. If the suspension decision is reversed, all references to it in the student's records will be removed, and the School will give the student assistance necessary to make up missed school work.

TYPES OF SUSPENSIONS

1. **Temporary removal from an individual class: If a student is disobedient or disruptive, the pupil may be removed from the class temporarily.** The student will be assigned to another setting during the class period (usually the office). The student reports to all other classes. The student receives homework assignments and may participate in make-up tests. No parent notification is required and no appeal is authorized. In certain situations, a student may be taken home if the continued presence of that student (in the opinion of the administration) will continue to be a substantial disruption in the school.
2. **Technology suspension:** If a student is disobedient or disruptive, the student may temporarily lose technology privileges (phone, computer, tablet...). The student will still report to all classes. The student may receive alternate homework assignments if technology is not available. No parent

notification is required and no appeal is authorized. **Students will be required to turn in THEIR phone and or other devices into the office before the 8:12 bell. The student's technology will be returned at the end of the student's school day. If a student turns in a "dummy" phone or tries to circumvent their technology suspension in any way the student will receive a 10 day technology suspension.**

3. **In-school suspension (directed study):** Most district students who are suspended will be assigned to a "directed study" area, as determined by the administration. Parental notification and due process will be given. **During the period of in-school suspension, they will not be permitted to attend or participate in any activities, athletic events, programs, meetings, etc.** The student is to remain off school premises, except during the school hours. The student is expected to complete all assignments missed due to the suspension, including tests on a daily basis as required by the teacher. Use of electronic devices will be prohibited. Work must be completed manually.

4. **Out-of-School suspension:** A student may be suspended for up to ten (10) school days for acts of gross misconduct and/or persistent disobedience. Parental notification and due process are required. **During the suspension the student will not be permitted to attend or participate in any activities, athletic events, programs, meetings, etc.** The student is to remain off school premises during the period of suspension. This includes weekend events, if applicable. Work is allowed to be made up for full credit. The parent or guardian is responsible for obtaining the make-up work for the student. Teachers will bring assignments to the office daily. Students will be allowed one more day than the number of days missed to make-up the assignments. For example, if a student is suspended for 3 days they will have 4 days to make up the work. For example, if a student is suspended Tuesday, Wednesday, and Thursday and they are present Friday, Monday, and Tuesday all work will be due on Wednesday when they return. All work is to be turned in to the office immediately upon arrival when returning from the suspension. Anything not turned in to the office upon arrival will result in a zero grade.

EXPULSION

The following procedures apply to expulsion.

1. The student and the student's parents will be notified of the expulsion and requested to appear at a School Board meeting to discuss their child's behavior. The request shall be made by registered or certified mail and shall state the charges for dismissal (i.e. specific acts of misconduct), and the date, time, place, and purpose of the School Board meeting. The expulsion will not take place until after the School Board meeting.
2. At the hearing by the School Board, the student has a right to a lawyer at the student's own expense, to question the person who made the recommendation to expel, to present evidence, to call, question, and cross-examine witnesses, and to make a statement on his/her own behalf.
3. A record of the proceedings will be made and retained by the School District and provided to the student or representative upon request and on a reimbursable basis.

In the interest of helping students, the School District may assist in providing or locating alternative educational opportunities for the suspended or expelled student. These opportunities may include alternative school settings. The Illinois State Board of Education provides information and assistance to school districts and students interested in educational alternatives within a school or off campus.

DETENTIONS

Junior/Senior High detentions will be served during lunchtime or after school. Lunchtime detentions may be served the day of the incident; however, the date of the detention and reason will still be mailed home. Any staff member is authorized to write a Disciplinary Referral (D.R.), which may result in disciplinary action.

Failure to serve properly may result in more serious consequences. For example, refusal to serve lunchtime or after school detentions may result in further disciplinary action. In case of illness, the detention will be served on the next school day.

The rules to follow for detention are:

1. Students may not bring food or drink to detention.
2. During lunchtime detention, students will be served 1 hot lunch with white milk. No condiments, salt/pepper, or seconds are provided in lunch detention.
3. Sit in the seat assigned by the detention supervisor.
4. Bring enough material to keep busy the entire time. Failure to do so may result in rescheduling with additional detentions or in work tasks being assigned, or further disciplinary action.
5. No communicating with other students in detention.
6. No laying head or propping feet onto any desk or chair.
7. Follow all directions from the supervising teacher.
8. Students may be required to complete a reflective writing for each incident before completing the detention.
9. Lunch may be served after all other students have gone through the line.
10. Elementary students will serve after school detentions on selected days as determined by administration. Junior/Senior High School will be served for one hour after school on the assigned day(s).
11. Use of electronic devices will be prohibited. Work must be completed manually.

In addition to the detention rules, the monitor may impose additional criteria to be followed.

SUBSTANCE USE/ABUSE POLICY

RULES OF CONDUCT

Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to discipline.

DISCIPLINE OF STUDENTS WITH DISABILITIES

The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

The Board may suspend a student from riding the bus in excess of ten (10) days for safety reasons.

CHAPTER 7- RTI

A PARENTS GUIDE TO RESPONSE TO INTERVENTION (RTI)

What is RtI?

Changes in federal and state laws have directed schools to focus more on helping all children earlier within the general education setting. Response to Intervention (RtI) is a research/evidence-based instructional and intervention model that identifies students who are having difficulty achieving in the core curriculum.

What are the benefits to RtI?

Perhaps the greatest benefit of an RtI approach is that it eliminates a “wait to fail” situation because students get help promptly. As soon as assessment data indicates a problem area for students an intervention is put into place to address these concerns.

What is the RtI process?

Tier I:

- Core curriculum & instruction
- All Students

Tier II:

- Small group interventions outside core curriculum instruction.
- Provided in addition to Tier I.

Tier III:

- Intense interventions often provided in a one-on-one setting.
- Students not responding adequately to the interventions may be referred for a special education screening.

Parents are an important part of RtI!

How can parents be involved?

- Communicate frequently with your child's teacher.
- Attend school activities such as parent-teacher conferences.
- Help your child with homework assignments.
- Praise your child for any progress or improvement.
- Read with your child each night.
- Review sight words, math flash cards, and spelling words at home.
- Share with your child's teacher what works well at home.
- Always ask questions when things are not clear.

CHAPTER 8 - SPECIAL EDUCATION

SPECIAL EDUCATION

The Northwestern Community Unit School District No. 2 offers a free and appropriate education to all children. Any child between the ages 3-21 residing in the school district is eligible for special education services if he/she is determined eligible by a multidisciplinary team.

The Northwestern Elementary School provides:

- a. An annual screening of all children between the ages of 2 and 5.
- b. Hearing and vision screening at regular intervals.
- c. Speech and language screening upon initial enrollment in school.
- d. An on-going annual screening by teachers and other professional personnel for possible referral of those children who exhibit problems that interfere with their educational progress and/or adjustment to their educational setting.

Referrals for preliminary evaluation may be made through the building principal, by school district personnel, the parent of a child, community service agency personnel having primary care and custody, other professional persons having knowledge of the child's problems, the child or the State Board of Education when there is reason to believe that a child may require special education. Parents and other members of the community may review a copy of the Rules Governing Special Education at the Superintendent's office.

EXEMPTION FROM PHYSICAL EDUCATION

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

CERTIFICATE OF HIGH SCHOOL COMPLETION

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student's 4 years of high school, qualifies for a certificate of completion after the student has completed 4 years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class.

RELATED SERVICE LOGS

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

CHAPTER 10 - STUDENT RECORDS AND PRIVACY

ILLINOIS SCHOOL STUDENT RECORDS ACT

The Illinois School Student Records Act divides school student records into “student permanent records” and “student temporary records”.

“Student permanent records” contain the minimum personal information necessary for the education of students. Such information shall include a student’s name and address, birth date and place, gender, parents’ names and addresses, academic transcript including grades, class rank, graduation date, grade level achieved and scores on college entrance examinations, attendance records, accident reports and health record, record of release of permanent record information, scores received on all State Assessment tests administered at the high school level, and such other entries as the Illinois State Board of Education may require or authorize; and may include honors and awards received, and information concerning participation in school-sponsored activities or athletics.

“Student temporary records” contain all information within school student records not contained in student permanent records. Such information shall include a record of release of temporary record information, scores received on State Assessment tests administered at the elementary grade levels, information regarding serious infractions that resulted in expulsion, suspension or the imposition of punishment or a sanction, information required under Section 8.6 of the Abused and Neglected Child Reporting Act, and may include a student’s family background information, intelligence test scores, aptitude test scores, psychological and personality test results, teacher evaluations or anecdotal records, participation in extracurricular activities, including any offices held in school-sponsored clubs or organizations, honors and awards received, special education files, and other information of clear relevance to the education of the student. FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT GUIDELINES

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member’s sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or

purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

1. The right to inspect and copy the student’s education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to have one or more scores received on college entrance examinations included on the student’s academic transcript.

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student’s academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
 - Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
 - Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
 - Academic awards, degrees, and honors
 - Information in relation to school-sponsored activities, organizations, and athletics
 - Major field of study
 - Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

DESTRUCTION OF SCHOOL STUDENT RECORDS

Northwestern CUSD No.2 annually reviews all school student records. Student permanent records are retained for not less than 60 years. Student temporary records will be destroyed five years after the student has graduated, transferred, or otherwise withdrawn from the school. Parents of students and students who graduated or left this school prior to five years ago are hereby notified that if they wish a copy of their temporary records before they are deleted or destroyed, they must make that request to the records custodian, at Northwestern Elementary School, 436-2442, or Northwestern High School at 436-2011. The scheduled destruction date of temporary records is August 15 of each year. Questions regarding school student records and procedures should be directed to the school district superintendent.

STUDENT PRIVACY PROTECTIONS

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Sexual behaviors or attitudes.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine program eligibility.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

STEP 1-FILING A COMPLAINT

A person (hereinafter Complainant) who wishes to avail himself or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same sex. SEARCH & SEIZURE

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a

student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website.

PROCEDURES FOR SEARCHES

1. **Reasonable Cause-**Any search of students will only be conducted when a staff member has reasonable suspicion that the search will produce evidence that the student has violated or is violating with the law or District rules of student conduct, based on one or more of the following:
 - a. Reliable reports or information from credible sources made known to school staff. If the source is anonymous, the information must show that the informant has a relationship to the school or student so as to give it credibility.
 - b. Suspicious or evasive behavior suggesting violation of a school policy or law, or concealment of contraband, weapons, or stolen property.
 - c. Observation of a student engaging in prohibited conduct or suspected prohibited conduct.
 - d. Verbal statement of the student that he or she has a weapon/contraband or intends to harm students or staff with a weapon.
 - e. The return of a student after having run away from the building and suspicion that the student went to a location where a weapon or other prohibited item would be available.

The Northwestern Junior/Senior High staff may also take into account the student's disciplinary history in the development of reasonable suspicion.

2. **Justifying the Procedure-** The scope for the search conducted must be reasonably related to the objective sought and the evidence searched for. The search shall follow the step-by-step process outlined in the Northwestern Junior/Senior High School Procedure. In determining if the search is related to the objectives sought, Northwestern Staff will consider:
 - a. The nature and severity of the violation to determine the permissible amount of intrusion into the student's privacy rights.
 - b. The area to be searched so that it will be no more extensive than required to serve Northwestern legitimate objectives.
 - c. The time and place where the search is conducted so that it will be as close as possible to the time and place of the suspected violation.
 - d. The duration of the search so that it will be no longer than to serve the school's legitimate objectives.
3. **Surveillance-** Surveillance shall only be conducted in hallways, classrooms, school buses, and other areas open to the public view where the students are permitted.
4. **Random Sweeps-** Random sweeps will only occur in cases of emergency where special circumstances require immediate action to avoid danger to persons or property.
5. **Police Involvement-** Police involvement shall be sought whenever Northwestern Officials uncover evidence of a violation of state law or when officials deem such involvement necessary or helpful in maintaining school or bus safety. The standard for a search or seizure by police is probable cause.

DRIVING TO SCHOOL

Students' driving to school is a privilege and will be treated as such. By the fact that a parent permits his/her child to drive, the school will assume no responsibility for a student's driving habits or motor vehicles.

Students will be expected to abide by the following rules:

1. An authorization/registration form signed by the student and parent/guardian including a copy of current proof of vehicular insurance must be on file in the office before parking tags will be issued. Students will be required to provide updated proof of vehicular insurance when the one on file has expired. This registration form must list **ALL** vehicles that the student might drive.
2. A vehicle tag is required for parking on campus and must be purchased yearly in the office. This tag must be clearly visible within the designated area.
3. Students will exercise extreme caution when operating a motor vehicle on school property. Speed limit- 10 miles per hour on school property.
4. Upon arrival at school, the vehicle is to be parked and locked, and must remain so until the end of the day. **Students must leave cars as soon as they park and not return until school is dismissed.**
5. Students will be assigned a numbered parking space.
6. Student parking is in the **main lot only** at all times.
7. Students **must** yield to buses.
8. Only students going north may use the north exit.
9. Violation of Student Handbook rules may result in the loss of driving privileges and/or revocation of parking privileges.
10. Refer to number four under Procedures for Searches (p.24). Violations of any of these rules can and will result in the loss of driving privileges or vehicle being towed at the owner's expense.

EXTRA-CURRICULAR MISCONDUCT

While participating in extracurricular activities (either as a participant or as a spectator), students will adhere to Northwestern Community Unit School District No. 2 Discipline Code as well as all federal, state and local laws. Student misconduct during extra-curricular activities may be handled similarly to misconduct taking place during school hours on district premises.

Appropriate disciplinary measures may be taken by the sponsor/teacher/coach as well as referrals to the administration for disciplinary action in the event of misconduct. This may cause the student to be removed from extra-curricular activities and/or positions of leadership (e.g., Student Council, FFA, etc.).

Students and parents are reminded that participation in activities is a privilege. Students must assume responsibility for their behavior during their participation and abide by any rules and codes as may be implemented. Student misconduct may result in the student's temporary or permanent removal from extracurricular activities and other possible disciplinary action.

At the conclusion of a game or extracurricular activity, students are expected to depart the premises in a timely manner. Students who do not depart in a timely manner may be banned from future extracurricular activities or events.

TARDINESS

When students arrive late, they disrupt classes and forgo opportunities to learn. Furthermore, they unfairly interfere with other students' opportunities to learn. Promptness is essential to student success. A student in grades 7-12 will be considered tardy for class if not in the classroom before the last bell to start that period. Students are allowed to be tardy 6 times per year. This is not 6 times per class but a total of 6 for the entire year. After the 6th tardy, the following consequences will result:

1. 7th tardy-parents will be notified by mail and the student will receive a lunch detention.
2. 8th tardy- -parents will be notified by mail and the student will receive a lunch detention.9th tardy-parents will be notified by mail and the student will receive 2 lunch detentions.
3. 10th tardy-parents will be notified by mail and the student will receive a 30 minute after-school detention.
4. 11th or more tardies-parents will be notified by mail the student will receive a 1 hour after school detention.

GUIDELINES FOR SCHOOL-SPONSORED PUBLICATIONS, PRODUCTIONS, AND WEBSITES

School-sponsored publications, productions and websites are governed by the Speech Rights of Student Journalists Act, school board policies and the student/parent handbook. Except as provided below, a student journalist has the right to exercise freedom of speech and of the press in school-sponsored media, including the right to determine the news, opinion, feature, and advertising content of school-sponsored media.

All school-sponsored media shall comply with the ethics and rules of responsible journalism. Text that fits into numbers one through four above will not be tolerated and school officials and student media advisers may edit or delete such material.

The author’s name will accompany personal opinions and editorial statements. An opportunity for the expression of differing opinions from those published/produced will be provided within the same media.

No expression made by students in the exercise of freedom of speech or freedom of the press under this policy shall be deemed to be an expression of the school, school district or an expression of school board policy.

GRADING SYSTEM-HIGH SCHOOL

In September of 1998, Northwestern High School changed to a weighted grading system. Under this system a student can receive extra grade point value for certain “honors” classes. These grade points are used to calculate class rank, grade point average and honor roll. They do not affect credit given in any way.

Students wishing to enroll in honors classes must have at least a 3.0 cumulative grade point average.

Excusal requests based on religious prohibitions must be in writing and must include a signed statement from a member of the clergy corroborating the religious basis for the request. Excusal requests based on medical or religious prohibitions will be reviewed on an individual basis in accordance with State and Federal law.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Chapter 7 of the Student Handbook.

SEMESTER AND FINAL EXAMS

All Northwestern Junior High students are required to take both first and second semester exams in each of their classes. High School requirements are as follows:

1. All students, **including Seniors**, must take first semester exams.
2. Any senior participating in early graduation may be required to take semester exams.
3. Students with an “A” average* in a class and no more than 3 days excused absences **for the entire year**, or “B” average* and no more than 2 days excused absences **for the entire year** may elect to be excused from taking the second semester exam. Students starting a new class 2nd semester must have an “A” average* and no more than 2 days excused absences or a “B” average* and no more than 1 day excused absences to be exempt from the final exam. Any student with 1 or more unexcused absences will be required to take the final exams. *the average will be calculated using 50% 1st Semester (Q1, Q2, and Semester Exam) and 50% 2nd Semester (Q3, Q4).
4. Any student not required to take an exam may elect to take the exam to raise their score. If the exam does not raise their score, the student may choose to disregard the exam score.

The campus will continue to be closed during the exam periods as it is during the year. This means that students will not be allowed to leave the building without prior administrative approval. Exams are scheduled on a two-period basis for each class with each day having four exam periods possible. Semester and final exams count for 15% of the grade for all Northwestern Junior and Senior High School students.

JUNIOR HIGH PROMOTION-RETENTION

Junior High School students who have shown evidence of proper growth and development from a mental, social, physical, and emotional standpoint and have obtained the standards set forth by proper authority shall be considered for promotion to the next grade level. Such decisions shall be based upon the following criteria: **Grades 7-8:** The core subjects are Reading, Math, English, Social Studies, and Science. If the

student fails two of the five major subjects, he/she will be retained. Final course grades are determined by averaging the 2 final semester grades (sum of final grades for S1 + S2 divided by 2).

The teacher and parent(s) may mutually agree to retain a student if in their opinion a student stands to benefit from repeating a grade. Teachers shall notify parents as early into the school year as possible when it becomes evident that the student might fail a course. **If it appears that a student may not be promoted, it shall be the duty of the teacher or teachers to have a conference with the parent as early in the school year as possible.**

Consideration will be given to students who have previously been retained, general maturity level of the student, achievement test results, and whether the student has been working with materials below grade level, **but there will be no social promotions.**

The district reserves the right to place a student who moves into the district at a grade level determined to be appropriate by testing.

DANCES

The student body at Northwestern has the opportunity to attend several dances during the year. The dress code for most dances will be casual with the exceptions of Homecoming (semi-formal) and Prom (formal). Northwestern students must register any out-of-school date with the office prior to the dance. In addition, all dances are grade level specific; meaning if it is a high school dance, no junior high students will be allowed to attend. The Board has also approved the use of a breathalyzer at all dances. The procedure for this is as follows:

1. All Northwestern students and their guests entering the dance area will submit to testing. Students should arrive in a timely manner; the breath analyzer is available for only one (1) hour after the doors open.
2. Any non-Northwestern person attending the dance as a date, regardless of age, will submit to testing. Refusal will result in denial of entrance to the dance.
3. Students not passing the test will be detained for parent pick-up and face school and/or legal discipline measures.

Other Regulations:

4. No one can leave the building and expect to return to the dance.
5. Students who are absent from school on the day of the dance, (or the last school day before the dance), (for the following reasons: unexcused, suspension, expulsion, etc.) are not permitted to attend unless they have received prior permission from the administration.
6. Students who misbehave during the school year (as determined by the administration) may be banned from extracurricular events and activities, including dances.
7. The sponsoring club or organization must clean up after the dance and put tables and chairs back in proper order before the time of the next scheduled class in the gym.
8. All dances must be placed on the school calendar and approved by the principal.

9. All school dances are considered to be an extracurricular activity. Students must obey the discipline rules as listed in other parts of the student handbook.
10. The administration must OK all outside guests to student only dances.
11. Refer to number six (6) under Student conduct (p.16).
12. Dance guests 21 years and older need proof of a background check at the individual's own expense and it must be submitted to the High School Office one (1) week prior to the dance.

SENIOR TRIP

The year-end senior trip is a privilege, not a property right. Students who choose to display misbehavior during the school year are in jeopardy of losing the privilege of participating in the trip. Seniors who do not attend the senior trip are expected to attend school during the senior trip. A senior who is not achieving a 77% semester average and a 77% quarter average at the mid-term of the 4th quarter in a class which is required for graduation will not be allowed to participate in the senior trip. A senior with graduation in jeopardy will not be allowed to participate in the senior trip. **Students who move into the district in the 2nd semester of their senior year may be subject to an increased fee to attend the senior trip. In addition, any senior with more than one (1) day unexcused absences (8 periods of unexcused absences equal one full day of absence) or more than 6 tardies and or 4 or more Tech violations, will NOT be eligible for the senior trip regardless if a deposit has been made. Trip deposits will not be refunded.**

COMMENCEMENT DRESS CODE

Shorts, “flip-flops” and other attire deemed inappropriate by the administration will result in exclusion from commencement ceremonies.

EXCLUSION FROM COMMENCEMENT

A student may be excluded from commencement for any or all of the following reasons:

1. Failure to abide by the commencement dress code.
2. Any inappropriate displays/behavior during the last week of school.

ATHLETIC & EXTRACURRICULAR

When a student becomes a member of a team, club, and/or organization, it is both an **honor** and a **privilege**, and carries the responsibility of a leadership role. The student becomes very visible as a representative of the

Northwestern School District and must represent him/herself in an exemplary manner. The student is therefore responsible for the following rules listed under the extra-curricular guidelines.

EXTRA-CURRICULAR EXPECTATIONS AND PHILOSOPHY

The purposes of extracurricular programs are to provide students with the opportunity to experience wholesome activities on an interscholastic level. From their participation, students should gain a sense of commitment, dedication, and demonstrate high standards of morality, attitude, and conduct. Extra-curricular activities are sponsored to help increase the overall educational experience of students in the Northwestern schools. Participation in extracurricular events is considered a privilege.

STUDENT RESPONSIBILITIES

Students involved in extracurricular activities, whether as participants or spectators, are representing themselves, their family, their school, and the community when attending an extracurricular event. They are expected to maintain a high standard of responsibility at these activities.

Students involved in extracurricular activity will:

1. Display good sportsmanship.
2. Display a high standard of conduct.
3. Demonstrate respect for authorities/teachers, coaches, officials, and sponsors.
4. Display a spirit of cooperation.
5. Maintain a neat appearance when representing Northwestern School District.
6. Use appropriate language.
7. Abide by all school rules.

COACHES

Coaches/Sponsors of Northwestern teams will:

1. Travel to and from all events with their players.
2. Supervise players before, during, and after practices and games.
3. Complete pre and post season inventories of all equipment and supplies.
4. Schedule all practices and games through the athletic office.
5. Excuse absences from practice or games due to player's religious obligations, medical appointments, funerals, or family emergencies.
6. Behave in an exemplary manner at all practices and games.
7. Complete any other duties as specified by the athletic director.

SCHOOL FACILITIES/EQUIPMENT

All students are expected to maintain facilities and equipment in an orderly manner. Clean up after each use and leave the area looking as good as or better than it was found.

All equipment must be turned in before the athlete may begin practice for the next sport, receive report cards, or athletic awards. If equipment is not turned in, the athlete will be billed and/or law enforcement called.

TRANSPORTATION

Students are required to ride to and from events with their coaches and teammates, *with the exception that* a student's parent or guardian may sign a student out at the event to ride home with the student's parent or guardian. Failure to abide by the requirements above could result in further disciplinary action.

For the Northwestern co-op practices and events, transportation will be provided when a driver is available.

PRACTICE

Athletes are required to attend all practices during the season. If the student does miss, he/she must tell the coach before the practice is missed. Medical appointments, religious obligations, funerals, or family emergencies are exceptions. Appointments for personal convenience (i.e. shopping, hair, work) **will not** be excused. The following sequence may be used when an unexcused absence from practice occurs:

- 1st Athlete is suspended for one quarter of the next game.
- 2nd Athlete is suspended from one game.
- 3rd Athlete is removed from the team.

ELIGIBILITY

The following list is a guide as to what will be expected of student athletes and cheerleaders at all times:

1. In accordance with the IHSA/IESA policies, Northwestern will determine eligibility using a “no pass, no play” procedure. Participants are required to pass in all classes in order to be eligible for extracurricular activities.
2. Grades will be checked on a weekly basis with the Athletic Director retrieving grades from the computer system on Thursday afternoon and the coach being notified on Friday of any player being academically ineligible. The grade used to determine eligibility would be the grade received if the semester ended on that day. Ineligible students will be held out of all contests from the following Monday through Sunday. Exception: Athletes co-opting at Greenfield will follow Greenfield's ineligibility timing. When athletes are ineligible because of grades, they are

not allowed to dress for games or leave early to get ready for a game. It is the coach's decision whether or not the athlete sits on the bench.

3. During the sports season any student who is academically ineligible will be allowed to practice but cannot participate in a competition.
4. If a student is ineligible or suspended from a game and he/she attends school that day, the student may be required to attend the game and sit with the team at the coach's discretion. If a student is absent from school or the game due to illness or any other excusable reason that game will not count as the suspended contest.
5. If a student misses any part of the last four (4) periods of the school day because of illness or an unexcused absence, the student will not be allowed to participate in any team activity that day.
6. In order to participate in an interscholastic activity, students must complete the following prior to the first practice:
 - A. Have a current (less than one year old) record of a physical examination on file in the school office.
 - B. Have a current (present school year) signed student/parent insurance waiver form on file in the school office.
 - C. Have paid the activity fee per board approval.
 - D. Have a completed Photo form.
 - E.

Failure to comply with any of the above criteria shall give the administrator, coach, or sponsor of said sport or activity the authority to release the participant for any number of games and/or extra-curricular activities.

Students are covered against medical expenses for accidental injuries that occur while attending regular school sessions and participating in activities exclusively organized, sponsored and supervised by school employees, except for tackle football.

This coverage is provided as secondary insurance to parents and students in the local district. There will be no charge for the coverage as long as no additional expense is incurred for the plan by the district.

Certain exclusions and limitations will apply; even if a student/family already has insurance protection, the student accident coverage can help fill the gaps in the coverage left by deductibles or coinsurance payments. Applications for benefits are available in each school's office. The district assumes no responsibility for any accident or for the filing of claims. Claims must be filed immediately after an accident by the student/parent.

ELEMENTARY (PRE-K TO 6) INFORMATION

ADMISSION TO NORTHWESTERN ELEMENTARY SCHOOL

A child must be five (5) years of age on or before September 1 of the school year to enter kindergarten. A child entering kindergarten must present a certified copy of a birth certificate within 30 days of enrollment.

A student will not be allowed to attend class after the deadline without a birth certificate or other legal evidence of a birth date.

There is no provision for mid-year registration. If a child reaches his/her fifth birthday after September 1, he/she will not be eligible to enroll until August of the following year. Should a child be enrolled in an adjoining school district in this age group with the intent to enroll the child in Northwestern Elementary School when he/she becomes five, the child will not be enrolled in District No. 2 until the following year. This violates the intent of the law and school policy.

PRE-KINDERGARTEN PROGRAM

Our Pre-K program is funded by a grant from the State of Illinois and is tuition free. The purpose of the grant is to seek and to provide opportunities to children, age 3 to 5 (non-kindergarten age), who have been screened and identified in need of early intervention. The criteria used for placement are as follows:

1. Developing in developmental areas (cognitive, speech and language, social emotional, fine motor, and gross motor) and,
2. Other at-risk factors including health-related or family issues may also influence eligibility into the program. The entire Pre-K staff will strive to provide opportunities for young children that will strengthen their potential in all developmental areas and enable them future success in school. Our goal is to prepare young children with life-long learning skills for success in future schooling.

This goal is accomplished through a developmentally appropriate program of “hands-on” experiences necessary for success within the school environment. The preschool year will mainly focus on language and social development. The educational program will include:

- a. Reading and Writing readiness
- b. Language development
- c. Personal and Social development
- d. Fine and Gross Motor skills
- e. Auditory/Visual coordination
- f. Science appreciation
- g. Social Studies appreciation
- h. Music appreciation
- i. Health and Safety
- j. Field Trips

The curriculum will be based on learning centers with children’s project planning and choice making because young children learn best by doing. Play is the work of young children.

An important element in the success of our Pre-K program is the parental involvement component. Parent involvement is an invaluable part of a child’s education, because parents are their child’s first teachers. We want parents to be active participants in the education of their child. There are monthly opportunities for parent participation. This includes home visits, classroom visits for interaction between parent and child, parenting classes, parent-teacher conferences, and family nights with educational components, parent information nights and field trips.

EXEMPTION FROM PHYSICAL EDUCATION REQUIREMENT

Students may also be excused from physical education courses based on medical or religious prohibitions. Excusal requests based on medical prohibitions must be in writing and must include a signed statement from

a person licensed under the Medical Practices Act corroborating the medical basis for the request. Excusal requests based on religious prohibitions must be in writing and must include a signed statement from a member of the clergy corroborating the religious basis for the request. Excusal requests based on medical or religious prohibitions will be reviewed on an individual basis in accordance with State and Federal law.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Chapter 7 of the Student Handbook.

RECESS PROCEDURES

Students will have Physical Education every day and will go outdoors as much as possible. Decisions to have outside recess during cold weather depend upon the temperature and the wind chill factor. Students should **always dress for outside recess**. When a child is unable to go outside, a note stating the reason should be sent by the parent or guardian to the teacher. Students will need a doctor's note if the student is unable to go outside for more than 2 days.

TARDIES

Students in grades K-6 will be considered tardy if they are not in their rooms by 8:10 A.M. If a student arrives after 8:10 A.M., he/she is required to get an admit slip from the office. Parents have the responsibility by state law to have children in school at the start of the day.

ELEMENTARY STUDENT DISCIPLINE GRADES K-6

We want your child's educational experience to be a very positive one. In order for your child to get the most out of his/her school day, good classroom discipline must be maintained. Teachers will maintain their own set of classroom rules and teacher aides will maintain cafeteria and playground rules. However, in some instances it may become necessary for the principal, special education director or social worker to become involved in your child's discipline. At the time when the principal or someone other than your child's teacher needs to become part of the child's school discipline; the following steps will possibly be implemented. Extreme and repeated instances may result in immediate isolation, suspension or recommendation for expulsion to the board of education. Intervention can be implemented at any level if the teacher has already implemented prior steps.

LEVEL I ACTIONS: Violation of classroom rules set by the teacher; violation of playground rules set by the teacher or aide; profanity; cell phone or other prohibited electronic device; and non-violent bus situations.

LEVEL I CONSEQUENCES: Disciplinary Referral and possible telephone call; verbal warning/counseling; parent contract; loss of recess; noon detention; after school detention. After the third violation for the same offense, an after school detention will be given. After six violations for any reason, an after school detention will be given, and if the student continues level I actions then he/she will go to level II consequences.

LEVEL II ACTIONS: Repeated Level I behaviors; bullying behaviors such as teasing, taunting, threatening or indirect bullying behaviors that would socially isolate another through intentional exclusion; sexual harassment; theft; property damage; gross vulgarity; defiance, disrespect or flagrant disobedience; use or possession of tobacco or smoking materials; physical violence or deliberately harming another person; possession of contraband items; unauthorized use of cell phones during the school day.

LEVEL II CONSEQUENCES: Disciplinary Referral; possible parent conference; possible loss of privileges or after school detention; possible in school isolation or suspension; possible referral to social worker or school psychologist for observation and possible educational/behavioral evaluation; removal from class pending parent conference.

LEVEL III ACTIONS: Selling or transferring drugs on school grounds; possessing or under the influence of alcohol, drugs, or drug look-alikes on school grounds; possession of a firearm or any item that may be used as a weapon; deliberately harming or threatening to harm school personnel; continued or extreme sexual

harassment; gross disobedience or misconduct as defined by board policy which is defined in student handbook.

LEVEL III CONSEQUENCES:

1. If a student is found selling or transferring drugs on school grounds the student will be given an immediate 10 day suspension, law enforcement authorities will be called.
2. If a student is found using or possessing drugs or any other intoxicants on school grounds the result will be up to 10 days suspension; notifying authorities;
3. Possession of a firearm, explosive device or any other item that can be construed as a weapon will result in a 10 day suspension; confiscation of weapon; notification of authorities; and recommendation to the school board for expulsion. A student who is determined to have brought a firearm or other weapon to school; any school sponsored activity or event which bears a reasonable relationship to school, shall be expelled for a period of not less than one year, except that the expulsion period may be modified by the board of education on a case by case basis.
4. Striking, threatening or attempting to harm any employee of this school district will result in a 10 day suspension with recommendation for expulsion made to the school board. Law enforcement authorities will be called.
5. Any action which in the opinion of school authorities constitutes gross disobedience or misconduct as defined by board policy as defined in the student handbook will result in out of school suspension for up to ten (10) days with a possible recommendation for expulsion to the board of education.

ELEMENTARY STUDENT DRESS AND GROOMING

Students will be expected to abide by the following policies that are designed to create an environment conducive to learning.

All students are expected to wear clothing in a neat, clean and well-fitting manner. Students are to use discretion in their dress and are not permitted to wear apparel that is distractive or obscene. PROMOTION-RETENTION

Elementary school students who have shown evidence of proper growth and development from a mental, social, physical, and emotional standpoint and have obtained the standards set forth by proper authority shall be considered for promotion to the next grade level. Such decisions shall be based upon the following criteria:

Primary Grades 1-3: Students shall be doing passing work/making progress in core subjects according to the following grade level requirements.

First Grade: It is critical that the student must pass/be making progress in reading. It is strongly recommended that the student be passing math as well.

Second and Third Grade: the student must pass/be making progress in Reading and Math.

Grades 4-6: The core subjects are Reading, Math, English, Social Studies, and Science. If the student does not pass/fails to make progress in two of the five major subjects, he/she will be retained.

The teacher and parent(s) may mutually agree to retain a student if in their opinion a student stands to benefit from repeating a grade. Teachers shall notify parents as early into the school year as possible when it becomes evident that the student might fail a course. **If it appears that a student may not be promoted, it shall be the duty of the teacher or teachers to have a conference with the parent as early in the school year as possible.**

Consideration will be given to students who have previously been retained, general maturity level of the student, achievement test results, and whether the student has been working with materials below grade level, **but there will be no social promotions.**

The district reserves the right to place a student who moves into the district at a grade level determined to be appropriate by testing.
