

Northwestern Community Unit School District #2

1-13-2021

Dear Families and Staff:

This letter is to inform you that an individual associated with the Northwestern School District has tested positive for COVID-19. We are coordinating our efforts with the Macoupin County Health Department to promptly identify and monitor individuals who have had recent contact with the COVID-19 positive individual to prevent further spread within our school and community. The health and safety of Northwestern CUSD #2 students and staff is our highest priority, and we recognize the uncertainty and concern regarding the evolving coronavirus (COVID-19) pandemic. We are following guidance from the Centers for Disease Control and Prevention (CDC) as well as the state and local health departments for best practices and procedures to protect everyone's health.

To prevent further spread of the disease, Northwestern CUSD #2 is taking the following steps:

- Collaborating with the Macoupin County Health Department to identify and notify close contacts (i.e., persons who were within six feet of a COVID-positive individual for 15 minutes or longer).
- Placing staff members and students who are identified as having District: (217) 436-2442 to the COVID-19 case in quarantine for 14 days. Close contacts will receive a separate notification from the Macoupin County Health Department.
- Ongoing monitoring of students and staff for signs and symptoms of illness and evaluation of illness reports to promptly identify possible outbreaks.
- Conducting a deep clean and disinfection of the areas impacted by potential exposure to the COVID-19 virus.

We will continue to enforce safe practices to prevent, promptly identify, and respond to potential COVID cases, as follows:

- Students and staff who are ill with COVID-like symptoms will promptly be placed in a separate supervised area away from others until they can be sent home.
- Students are required to wear face coverings at all times, as previously directed and per school policy.
- Staff are required to wear face coverings at all times while in contact with children and other staff in the facility.
- We are continuously sanitizing high-touch surfaces including door handles, stair rails, sink faucets, etc.
- We have removed plush toys and other toys that cannot be properly or frequently disinfected.
- We are teaching students the importance of face coverings, social distancing, and proper handwashing:
 - Students are discouraged from sharing personal items, e.g., water bottles.
 - Students are learning new ways to greet each other without touching.
 - Students are reminded to avoid touching their eyes, nose and mouth, and to cover coughs and sneezes.

The Wildcat Way!

- Students will be taught to wash their hands frequently and properly, following CDC guidelines on handwashing.
- As we receive more information from the Department of Public Health and other entities, we will implement additional recommendations and guidelines.

As always, everyone should monitor their health and stay at home if they develop symptoms. Sick persons should contact their health care provider to determine if testing is needed. Anyone who develops severe symptoms should seek medical care immediately. If your child has had close contact with a known case of COVID-19, keep the child at home and notify your primary healthcare provider, Northwestern CUSD #2, and your local health department.

We are committed to providing your child and our staff with a safe and healthy environment. Thank you for your understanding and ongoing cooperation with our COVID prevention policies and procedures as we work to help protect your children, your families, and our staff and their families. For any questions or concerns, please contact us at 217-436-2442.

Sincerely,

Dr. Kevin E. Bowman

Superintendent of Northwestern CUSD #2

The Wildcat Way!
